ITALIAN FORCES ARE ON NEW LINE; BATTLE NOW ABOUT TO BEGIN

**From Susegana to Adriatic Italians Withdrew Across
Piave; Enemy Checked in Ledro Valley; Berlin War
Office Says Asiago Was Taken**

London, Nov. 10.—Italy's armies, under the new commander, General Diaz, are in their new positions, probably along the Piave River, ready to offer stouter resistance to the Austro-German invaders. It is apparent the momentary halt on the Livenza River was only for the purpose of delaying the enemy as much as possible until the bulk of the Italian forces could establish themselves on the new defence line.

Rome, Nov. 10.—The enemy has been checked in the Ledro Valley, the War Office here announces. A hostile thrust at Brocon, in the Tesino Basin, also has been checked. From Susegana to the sea the Italian rearguards, disengaging themselves from the enemy, crossed the Piave River, blowing up the bridges.

An Italian rearguard force which had been surrounded at Lorenzago succeeded in forcing its way out.

The announcement follows:
"From Stelvio to the Sugana Valley there was normal fighting activity. Strong enemy detachments attacked our advanced positions in the Ledro Valley, but were repulsed promptly in spite of the heavy artillery preparation which preceded the attack."

"In the mountainous area between the Sugana Valley and the Piave Valley local engagements took place. A hostile thrust at Brocon, in the Tesino Basin, was checked. At Lorenzago one of our rearguards, surrounded, succeeded in pushing through the village, which was occupied by the enemy."

"On the plains, from the railway station of Susegana to the sea, our rearguards engaged themselves from the enemy pressure and crossed the river, blowing up the bridges afterward."

"Last night five of our airships bombed the crossing of the Taglia river at Lavisana, the town of Motta di Livenza and troops moving on roads leading to the river."

ARMISTICE IS LENINE'S PLAN THINKING OF A CONFERENCE

London, Nov. 10.—An immediate armistice of three months will be offered by the Maximalist Government at Petrograd. During this time Nikolai Lenine, leader of the Maximalists, plans that representatives elected by the peoples of all nations will settle the questions of peace. Lenine's Government is willing to consider proposals for a just peace from either side.

Moscow, the ancient capital of Russia, is reported to have gone over to the revolutionists. Conditions in Moscow and Petrograd are reported to be quiet.

The Bolshevik element in the Peasants' Congress and the Workers' and Soldiers' Delegates is meeting with opposition from members of the Petrograd Municipal Council and the Minmalists. The opposing factions will not acknowledge the authority of the Maximalists and are said to be planning to appeal to the Russian nation regarding the Petrograd revolt. A Cabinet has been named by the Bolsheviks with Lenine as Premier.

As yet no clashes between the Maximalists and the supporters of the Kerensky Cabinet are reported and the whereabouts of M. Kerensky are still in doubt.

It is not clear whether the Russian armies as a whole have accepted the new Government, but it is reported that some units have gone over to the revolutionary side. All available Russian advisers, except reports from Germany, must come through Petrograd, and even these have not fided any great rush to the revolutionary leaders from the soldiers outside Petrograd and Moscow.

U BOAT DID NOT GET THIS VESSEL

An Atlantic Port of the United States, Nov. 10.—A shot from a 6-inch gun manned by naval gunners saved an American passenger-steamship from attack by a German submarine on a voyage from England which ended here to-day. The submarine was sighted awash a mile off the port quarter on November 1. The gun crew's shot landed so close that the U boat instantly submerged. The submarine, the ship's officers believe, had sunk a merchantman a short time earlier.

AIRMAN WOUNDED.

Paris, Nov. 10.—Lieut. Chambers, of the Lafayette Escadrille, has been wounded.

Throats of Ten Men From Dominion Cut by German Captors

Hamilton, Ont., Nov. 10.—The bodies of ten Canadian soldiers were found with their throats cut when Canadian troops drove the enemy from a position in the Lens sector shortly before being moved from that part of the front, according to advices received here to-day. The men had been captured in a raid and were slaughtered in cold blood when the German position was attacked. Captain Alexander Solomon was one of them.

Many "Deserters" in Montreal District; Over 15,000 Perhaps

Montreal, Nov. 10.—The indications are that more than 15,000 men in this military district will be officially classed as "deserters" after the close of registration at midnight to-night. Nearly 12,000 registered at the headquarters yesterday as a result of Thursday's returns and the count was not completed. The total registration up to Thursday was 44,954 out of an estimated eligible total of 73,099.

BRITISH DRIVE STEADILY IN PALESTINE; NOW HOLD ASKALON; SEVENTY CANNON

London, Nov. 10.—The British army in Palestine, pursuing the defeated Turks, has made further extensive gains, the War Office announces. Askalon has been occupied. The Turkish casualties, exclusive of prisoners, are 10,000. The number of guns captured has been increased to more than 70.

The communication follows:
"General Allenby reports that yesterday mounted troops moved forward rapidly and captured another 400 prisoners and 10 guns."

Our lines now run in a southeasterly direction from two miles north of Hamaneh, which is two miles from the coast and four miles northeast of Askalon, to two miles north of Arab-el-Menshieh, on the Central Railway. This line is generally 19 to 5 miles north of the Wadi-Hesru river. Askalon has been occupied by infantry and artillery.

"North of Beersheba there were no developments."

The British column which is advancing along the Mediterranean coast, assisted by French and British warships, has gained nearly 20 miles since the recent capture of Gaza. Hamaneh is 15 miles above Gaza. The British are now only about five miles below the latitude of Jerusalem, which, however, is 45 miles inland and has not thus far been menaced.

HELFFERICH NOT NOW VICE-CHANCELLOR

Hertling and Other Junkers
Think They Have Settled Crisis

Berlin, Nov. 10.—Dr. Karl Helfferich, the Vice-Chancellor, has capitulated and political peace once more has been restored. The Cabinet containing Count von Hertling as Chancellor, Friedrich von Payer as Vice-Chancellor and Herr Friedberg as Vice-President of the Prussian Ministry, means a virtual coalition Liberal Government. The Clerical, National Liberal and Progressive parties are represented actively in the Cabinet.

The Socialists accept the appointment of von Payer as evidence that Count von Hertling is willing to work with the present group of Reichstag majority parties, but they are reserving to themselves complete liberty of action. The Conservatives are the only important Reichstag faction not having a member in the new Government, which may be said to mark the active initiation of the first parliamentary Cabinet in Prussia and Germany.

Chancellor von Hertling returned yesterday to Munich, where he will assist in the re-organization of the Bavarian Ministry, from which he retires. His first public appearance as Chancellor is expected to take place when the Reichstag opens its next session on November 22.

The Liberals are now getting ready to combat the reactionaries in their efforts to obstruct the enactment of the Prussian electoral reform bill. These measures are expected to be ready for first reading at the end of this month. The Clericals, National Liberals, Progressives, Socialists and Poles will constitute an ample majority for it in the lower Chamber of the Prussian Diet.

Amsterdam, Nov. 10.—It is officially announced from Berlin that Dr. Karl Helfferich requested Kaiser Wilhelm to relieve him of the Vice-Chancellorship, and as a member of the Prussian Ministry, and that the Kaiser acquiesced on condition that Dr. Helfferich accept office of some other nature.

WIRELESS MESSAGES.

Copenhagen, Nov. 10.—The Berlin correspondent of The Hamburg Fremdenblatt reports that German wireless stations on the eastern front have picked up various Russian messages dealing with an armistice, but says there is no adequate confirmation of the statement that the Maximalists already have offered peace or an armistice. He advises the greatest reserve until it is determined in whose hands government in Russia remains.

ANOTHER SHORT, SHARP BLOW BY HAIG IN PASSCHENDAELE REGION TO-DAY; OBJECTIVES WERE GAINED

A French Hospital Bombed by Germans; Seven Were Killed

Paris, Nov. 10.—The War Office here reported this afternoon:
"The hospital at Zuydcoote (Department of the Nord), was attacked last night by German aviators who throw down incendiary bombs. Seven persons belonging to the hospital staff were killed and nine were wounded."

LAURIE TO WEST.

Quebec, Nov. 10.—Sir Wilfrid Laurier left here at 1:15 p. m. to-day for Montreal and the West.

MORE FURS BOUGHT.

London, Nov. 10.—Fur dealers report an improvement in the trade.

VICTORY LOAN DRIVE WILL COMMENCE EARLY MONDAY; THREE MILLION THE MARK

Way for the Victory Loan!
During the coming week the big drive will take precedence of everything else. Everyone will help. Those who can't buy many bonds will buy few. Those who cannot buy one, may club with others and buy an interest in one. Every little helps. The purchasing of a bond may make all the difference between winning and losing the big fight.

Just now the eyes of all the world are turned towards Canada. She is providing the men and it is expected that the money will be forthcoming to equip and maintain them in the field. If Canada fails, the moral effect will be bad. But she will not fail, at any rate not so far as Victoria is concerned.

Victoria has done nobly in sending her sons, many of whom have made the supreme sacrifice. Now all that is asked is money, more money, plenty of it, so that the sacrifices already made may not have been in vain.

Besides helping to win the war purchases of war bonds will have the satisfaction of knowing that they are making a good investment and also that the money so subscribed will be spent very largely in this province.

Extensive Programme.
The programme for the first week of the loan drive is an extensive one in every sense of the word. A committee of resolute workers have been active for the past two weeks and their efforts have not been expended in vain. The blast of whistles from every plant and steamer of the city will open the drive at 10:55 on Monday morning, when the great parade will move toward the Parliament grounds. Organization for this huge spectacle has been practically completed, full details of which are to be found elsewhere in this issue.

To-day the Boy Scouts of the city were much in evidence plastering motor cars with Victory Loan stickers. Few if any cars were able to escape the young attackers. Huge bulletins and posters for the fostering (Concluded on page 4.)

ITALY WILL FIGHT THROUGH TO END

Will Overcome Teuton Propaganda as Well as Teuton Armies

Rome, Nov. 10.—Italy will continue the fight to the end despite the efforts of the German propagandists and the disaster on the Isonzo front, in the opinion of official circles here. The Government must fight the effects of Austrian and German propaganda, as well as do all in its power to drive the enemy from Italian soil.

It is felt here that Italy narrowly escaped the fate of Russia and it is believed the campaign carried on to destroy the spirit of the army and the people reached its height when the Austro-German blow was struck in the Julian Alps. Political hatreds have been healed and in the future all parties will work together earnestly with the intention of securing victory.

Since the Isonzo defeat the authorities have learned that anti-British and anti-American reports were widely circulated throughout Italy.

CANADIAN CLUB WILL ENTERTAIN GOVERNOR

All Preparations for Luncheon
at Empress Hotel November 21

The Canadian Club executive have completed arrangements for the luncheon which they are tendering His Excellency the Governor-General on Wednesday, November 21, at 12 o'clock, at the Empress Hotel. Covers will be laid for 200. On account of the lack of further accommodation it will be possible to seat only 200 members of the Women's Canadian Club in the ballroom and the admission of the members of the Women's Club is left entirely in their hands.

In order to provide all facilities possible for the members of the Men's Club to secure their tickets the sale will be in the hands of the hon. secretary, Frank J. Sebl only. Tickets will be available to members now on the roll who are in good standing, or who wish to put themselves in good standing, on Monday and Tuesday, 19th and 20th inst., at Cochrane's drug store, corner Douglas and Yates Streets, until six o'clock.

In the meantime new applications for membership will be accepted on the understanding that should there be any tickets remaining unsold on Wednesday morning they will be allotted to new applicants in the order in which the applications were made.

The Executive Committee has decided on this mode of distribution of tickets in order to obviate, if possible, any disappointment on the part of old members in not being able to secure tickets on account of the anticipated general demand for an opportunity to hear His Excellency.

Mr. Calza, manager of the Empress Hotel, is sparing no pains in making this Canadian Club luncheon one of the outstanding features of His Excellency's visit.

STATED TROTZKY WAS AT HALIFAX

Halifax, Nov. 10.—The naval authorities here decline to give out any statement regarding Leon Trotsky, who was reported being at this port on the steamship Kristianafjord en route to Bergen from New York. The steamship was here but none of her passengers were removed. All the passengers, however, underwent examination before the steamship sailed for Bergen.

Troops Advanced North and Northwest of Village and Threw Enemy Back; Forward Thrust Was Carried Out Quickly Despite Weather Conditions

London, Nov. 10.—In Flanders troops under Field-Marshal Haig's command attacked north and northwest of Passchendaele this morning and at points pushed forward half a mile in the early fighting. The assault was on a limited front of about 1½ miles.

A report from the Commander-in-Chief said:
"At sunrise this morning our troops attacked German positions northwest and north of Passchendaele. The first reports indicate that good progress was made. The weather is stormy, with heavy rain and high wind."

British Front in Belgium, Nov. 10.—(By The Associated Press.)—The British troops which attacked this morning in the Passchendaele area were reported at an early hour to have battled their way forward as much as 800 yards at some points.

To-day's operations were carried out on a front of 2,500 yards for limited objectives, which had been virtually all gained by 10 o'clock.

French Report.
Paris, Nov. 10.—German troops undertook a series of advances last night against French positions northwest of Rheims, says to-day's official report. They were repulsed by the French.

The announcement follows:
"Northwest of Rheims the night was marked by a series of efforts directed by the enemy against our trenches, and small posts especially in the sectors of Loivre, Courcy and Du Godat. We repulsed the enemy by our fire, and he was not able to approach our lines at any point."

"East of Neuville we penetrated a German trench and destroyed shelter. On the right bank of the Meuse (Verdun front) the artillery fighting continued spiritedly near Chaume Wood, where in patrol engagements we took prisoners."

"In the Vosges and in Alsace we inflicted considerable losses in raiding enemy lines northwest of Senones and east of Seppois."

Dunkirk Bombed.
"Enemy aviators threw down 50 bombs in the region of Dunkirk. Three persons were killed and three wounded."

OPEN RAILWAY ACROSS AUSTRALIA AT LAST

Capitals of Southern Dominion Now Linked by Steel; Ceremony at Wynbring

Port Augusta, South Australia, Nov. 10.—The East-West Railway, Australia's first transcontinental line, is to be opened on Monday afternoon (Sunday p.m., Victoria time) at Wynbring, 320 miles west of Port Augusta, the latter point being where the Federal railway makes connection with the South Australian Railway system. Advances from Melbourne state that the party will consist of about 125 legislators and officials, including the Governor-General, Sir Ronald Munro-Ferguson, who will cut the ribbon. His predecessor, Lord Denman, turned the first sod at Port Augusta. It is probable that about 100 visitors will journey from Melbourne, mostly Federal politicians. So far as can be ascertained only 25 people from South Australia will be among the guests, among whom will be Ministers, railway officials and press representatives. At the conclusion of the ceremony one party will continue the journey to Western Australia, but the other will return in time to catch the express to Melbourne on November 13.

The arrangements are in the hands of the Federal Minister of Public Works, Mr. Watt. The portion which has been under construction by the Commonwealth authorities for many months now is that from Port Augusta, South Australia, to Kalgoorlie, Western Australia, linking the two state railway systems across the desert. Camels have been extensively used for construction purposes. A railway linking the Eastern States with Western Australia had been a matter of discussion long before the Commonwealth was established, the journey by sea from Melbourne to Fremantle, the principal port of Western Australia, occupying from five-and-a-half to seven days, according to the type of steamer on the route and length of stay at ports of call.

KREISLER DID NOT PLAY.

Youngstown, Ohio, Nov. 10.—Fritz Kreisler, the noted Austrian violinist, did not appear in concert here last night as scheduled. Mayor Carroll Thornton having refused to issue a permit. Civic organizations had presented petitions declaring that the appearance of Kreisler would be unpatriotic.

ADOPTED RUSS.

Petrograd, Nov. 9.—The Soldiers' and Workmen's Delegates obtained possession of the telephone system here by a ruse. A regiment which the Government believed to be loyal was sent to the exchange to relieve a disloyal regiment. Immediately the substitution was accomplished the supposedly loyal regiment pronounced in favor of the Bolsheviks.

NEW RECONSTRUCTION COMMITTEE AT WORK

Branch of Cabinet at Ottawa
is Shaping Its
Course

Ottawa, Nov. 10.—The Reconstruction and Development Committee of the Cabinet has held its first meeting. After making certain decisions, concerning the organization and procedure of the Committee, a number of important matters were dealt with. It was decided that a sub-committee on labor problems should be appointed under the chairmanship of Senator Robertson, to which may be referred for study and recommendation problems from time to time which will demand the attention of the Reconstruction and Development Committee. The Minister of Labor is to be a member of the sub-committee ex-officio. The appointment of a number of such sub-committees corresponding to the appropriate geographical divisions of the country and including members from outside the Government and representatives of organized labor and of employers is under consideration. It also was decided to appoint a sub-committee on immigration and colonization under the chairmanship of Hon. J. A. Calder, Minister of Immigration and Colonization. It will be the duty of this sub-committee to study and make recommendations concerning immigration problems.

Copenhagen, Nov. 10.—Admiral von Tirpitz has been asked by a committee of the Conservative party to stand for election to the Reichstag for the vacant seat of Bautzen-Katzen. The Vorwaerts says that the parties of the Left will regard such a candidature as a provocation. It says they will contest the election if von Tirpitz runs despite the political truce agreed upon at the outset of the war hindering the various parties not to oppose a candidate of the party in possession of the seat is vacated by death or otherwise during the war.

FAREWELL STATEMENT BY VISCOUNT ISHII

Voices Appreciation as Japanese Mission Leaves the United States

A Pacific Port of the United States, Nov. 10.—A farewell statement expressing deep obligations to this nation was given to the Associated Press yesterday by Viscount Kikujiro Ishii, in anticipation of his departure for Japan, in company with the Mission, of which he was the head, and which negotiated a new agreement regarding the Far East. The statement said:

"The kindly welcome given by the Pacific coast to our Mission has found most lavish endorsement and emphasis at every point we have visited in the United States. It only remains for me, as the parting guest, to express through the Associated Press our sincere and heartfelt gratitude to the whole people of this great country for the hospitality, the courtesy and the high consideration we have received.

"I do not underestimate the heavy obligation under which we of Japan have been placed in the personal debt I owe to the President and the people of the United States. We are prepared to meet that obligation to the limit of our ability, and to maintain a friendship and confidence which is based and nurtured on good understanding and good neighborhood.

"We came with a firm belief in the broad and generous spirit of the United States. We leave with a sense of profound admiration for your splendid humanity and patriotism, coupled with your unswerving loyalty to the high principles of the cause to which we are mutually pledged."

PLANTS IN CANADA WILL MAKE SHELLS FOR UNITED STATES

Ottawa, Nov. 10.—Negotiations conducted by the Imperial Munitions Board at Washington have resulted in the placing of a large order for 75 M.M. shells to be produced in Canadian plants for the United States Government. It is stated that under this arrangement from 6,000,000 to 7,500,000 shells will be produced in Canada during the first seven months of 1918.

The Imperial Munitions Board will act for the United States authorities in placing the contracts, and supervising the production of shells in Canada.

The United States Ordnance department will supply the steel and component parts. The Canadian manufacturers will forge the steel and machine and assemble the parts.

The Dominion Government, which has co-operated in the negotiations, will, through the Department of Customs, facilitate the entry of steel and components into Canada and their re-shipment as shells to the United States. This important announcement is particularly welcome on account of the decline of British shell orders in Canada.

Ottawa, Nov. 10.—The exportation from Canada of machinery and equipment of all kinds for the manufacture or production of munitions of war is now regulated. Exportation can only be made under license. This new regulation applies to the United Kingdom and British possessions as well as all foreign countries.

REGISTRATION UP TO THURSDAY NIGHT IN CANADA 288,991

Ottawa, Nov. 10.—Up to and including Thursday, 288,991 men had registered under the Military Service Act, and of those 15,768 had reported for service. The percentage of total registrations to the estimated number in the class on Thursday evening was 47.12.

The following table shows the number of reports for service and claims for exemption, together with the proportion of total reports for service to the total registration on Thursday, November 8:

GOVERNMENT DIRECTOR ON THE C. N. R. BOARD

Ottawa, Nov. 10.—Graham Bell, financial controller of the Department of Railways, has been appointed Government director on the Canadian Northern Railway board in succession to Senator H. A. Richardson, who resigned upon his appointment to the Senate. Mr. Bell will bring to the board 15 years of experience in railway financing, and in all the workings of the road in question.

A further vacancy to be filled by the board is that created by the retirement of Senator Frederick Nichols, who resigned from the board when the Canadian Northern legislation was brought into the Senate last session.

MINISTERS HEARD AT LORD MAYOR'S EVENT

Bonar Law and Curzon Spoke
of States; Geddes,
of Navy

London, Nov. 10.—Rt. Hon. Andrew Bonar Law, Chancellor of the Exchequer, speaking at the Lord Mayor's banquet last night, said it was impossible to tell what would happen in Russia.

"But with the scale on the side of justice, of civilization and humanity," he added, "there has been thrown the weight of the sword of a people with natural resources greater than those of any other nation in the world—the United States of America. We rely on their help not merely because of their resources but because of the character of the people. The Americans do not do things by halves; they have put their hands to the plough and will not turn back."

Dealing with Russia, the Chancellor said:

"We all rejoiced at the prospect of the advent of liberty in that country—a liberty which, as we hoped, would have freedom and justice as her companions and would leave prosperity and plenty in her train. The future of Russia to-day is a sealed book. But we need not despair. The Russians are a great people, and no nation has won or preserved freedom which was not prepared to fight for it."

The Chancellor said the output of guns in the United Kingdom last month was twice that of October last year, and said the ammunition fired in one month of this year's offensive was twice that fired during the same period of last year. There had never been such an example of organization as the Ministry of Munitions, and the country could look forward to the future with hope and complete confidence.

"The enemy had secured certain military advantages, he continued, because the same unity of control did not exist among the Allies as among the Central Powers, but in the future the whole front from the British Channel to the Adriatic would be treated as one front. No one would underestimate the seriousness of the attack on Italy, but the Chancellor hoped and believed that the Italian army would be able to hold the enemy until help arrived.

Mr. Bonar Law said that the enemy had not always made these thrusts from purely military reasons, but in order to keep up the spirits of his allies.

"The Germans say they are going to win," he said. "They can win only if they can defeat the French and British armies which stand athwart them, and they are further from that result to-day than they ever have been."

"I can not hold out any hope for an early end of this war, much as we would like it. There is no short cut to peace. There is only one way to peace—the way over hard and rough road to victory. It is a question now of nerve and staying power. All the belligerent nations are staggering beneath the load. It is a question of who is going to fall."

"I have faith in the courage of our people and I have faith in the justice of our cause. It is a struggle between the free peoples of mankind and the iron despotism of a war-lord over the soldiers and the nations behind him. Our Allies know they are fighting for what they love; they know their hearts will not fail them."

Lord Curzon, a member of the War Cabinet, in offering a toast to the Allies, said that unless the spirit of German militarism and arrogance was destroyed the greatest disaster the world had ever seen would follow. The speaker looked forward to a Russian resurgent, reorganized and resolved.

Sir Eric Geddes, speaking for the navy, said:

"The naval service has unshaken confidence that when the great day comes when we succeed in forcing the enemy to give battle, it will find the Royal Navy equal to the occasion."

He said that the submarine losses had been very great, and that although they had been steadily reduced, they were still serious. The submarine campaign had not been defeated but was being held at present. In his opinion it would be defeated.

Lord Derby, Minister of War, declared himself to be an optimist. He said he did not minimize the dangers and the difficulties of the present moment, but that was all the more reason for keeping a cheerful countenance. The country had been in many a tight place, but the army and navy could never fail. Their morale, he added, was never higher than now.

KILLED IN ACTION.

Calgary, Nov. 10.—C. P. O. Fenwick, formerly Deputy Attorney-General of Alberta, and well-known among the legal profession of the province, has been killed in action at the front, according to a telegram received here by H. A. Howard, manager of the Trusts and Guarantee Company. Mr. Fenwick resided in Edmonton and relinquished his position with the Government to enlist. He was a Lieutenant in a machine gun unit.

BRANDON RIDING.

Brandon, Nov. 10.—Dr. H. P. Whidden, president of Brandon College, is a candidate for nomination at the Win-War convention to be held in this city on Friday night, November 16. Dr. Whidden consented to run after being waited on by a representative committee from many outlying districts, and at the solicitation of the Great War Veterans Association. He has no political affiliations.

ARTILLERY FIGHTING REPORTED BY FRENCH

Paris, Nov. 10.—The following official report was issued here last night: "In the course of the day the artillery fighting continued spirited on the front of the Chaume Wood, Verdun front, and in Upper Alsace."

"Belgian communication.—During the days of November 8-9 the batteries of both sides were active. Our batteries carried out a number of shelling operations with a view to destroying enemy batteries. The German artillery continued to bombard our advanced works to the south of Dixmude."

"Enemy aeroplanes have bombed our cantonments in the direction of Furnes and Loos. Despite unfavorable weather conditions our aeroplanes have carried out a great many flights, during which two engagements took place."

LAURIER OPENED HIS CAMPAIGN IN QUEBEC

Great Throng Heard Liberal Leader's Speech There Last Night

DECLARES AGAIN FOR VOLUNTARY SYSTEM

Quebec, Nov. 10.—Accompanied by a great gathering of men, women and children outside and inside the Martineau Rink here, Sir Wilfrid Laurier, Opposition Leader, last night opened his election campaign with a speech in which he analyzed the policy of the Government on conscription, food control and war measures.

Sir Wilfrid received such a welcome as could probably not be duplicated in any of the cities in the Dominion. Forty years ago to-day Sir Wilfrid received his first nomination in this division; and a petition to run in Quebec North, presented to him last night, bears one signature that appeared on his nomination papers nearly half a century ago, the name of J. Gauthier.

"Laurier is with us; the people are with Laurier," ran a device in huge letters over the platform. A crowd began to gather outside the hall a couple of hours before the meeting. An hour later traffic was stopped. The hall was jammed from wall to wall with a mass that shouted, "Down with conscription," and demanded that correspondents of Government papers in Quebec should be thrown into the street. An appeal not to smoke, "for Laurier's sake," met with instant response.

As Sir Wilfrid appeared on the platform the crowd broke into "Oh, Canada," and there were roars of cheering.

In the main, the Opposition Leader followed the lines of the manifesto he issued in Ottawa on November 5. He reiterated that it was the first duty of Canada to give assistance to the men at the front. He added that it was "our duty to continue as we had begun with the voluntary system." The crowd greeted this declaration with an ovation. Sir Wilfrid declared that "conscription has been brutally forced on the people," and repeated his plea for a referendum. On the question of the cost of living, he urged the appointment of a "real controller" instead of a man "who only gave advice."

Calls It Mistake.

He thought the Liberals who joined the Union Government had made a great mistake, and he had no doubt that Mr. Cartwright had rendered his country greater service in attacking the profiteers who were sapping the blood of the people than he did in joining the Government.

Sir Wilfrid sketched the stand he had taken at the outbreak of the war, and declared that he held the same views still. Canada could not remain aloof at such a time. "I took that stand," he went on, "not because I feared invasion of Canada, as some people seemed to fear it, but what I feared was domination by a people who violated every human and divine law."

"It is our duty," he proceeded, "to continue as we began. It is our duty to give a service to our armies with food supplies and men, and I say it is our duty to continue as we began—with the voluntary system. We began in 1914 by sending troops on the voluntary system. Everybody said there would be no conscription. (Cheers.) The Prime Minister declared on many occasions that there would be no conscription. Then suddenly at the end of July he introduced the conscription bill."

To Its Sympathy.

The province of Quebec could be won over on an appeal to its sympathy, but it could not be won over by compulsion, he said. Again the crowd broke into a roar of applause. "For my part," the speaker continued, "I do not think it was just to impose a radical measure on the people without a referendum. That was the policy I enunciated in the House. It is the policy I again submit to the people."

In regard to economic relations Sir Wilfrid pleaded for a reduction of the tariff along the lines of his manifesto, and declared that action was needed against the profiteers.

CUT THIS OUT

OLD ENGLISH RECIPE FOR CATARRH, CATARRHAL DEAFNESS AND HEAD NOISES.

If you know someone who is troubled with head noises, or Catarrhal Deafness, cut out this formula, and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. We believe that Catarrh, Catarrhal Deafness, head noises, etc., are caused by constitutional disease, and that, by the use of this formula, which is a simple, safe, and effective remedy, the sufferer will be cured. This formula is a simple, safe, and effective remedy, the sufferer will be cured. This formula is a simple, safe, and effective remedy, the sufferer will be cured.

The distressing head noises, headache, dizziness, cloudy thinking, etc., while the hearing should rapidly return as the system is invigorated by the tonic effect of the treatment. Loss of smell and mucus dropping in the back of the throat are other symptoms that show the presence of catarrhal poison, and which are often overcome by this efficacious treatment. If nearly ninety per cent. of all ear troubles are directly caused by catarrh, there must be many people whose hearing may be restored by this simple home treatment. Every person who is troubled with head noises, catarrhal deafness, or catarrh in any form, should give this prescription a trial.

ARE THERE ANY IN CANADA?

A short time ago the Washington Government shed a bright light upon the affiliations of certain organizations and journals whose activities and propaganda had been engaging the attention of its secret service. The revelations showed that these precious elements were either directed by German agents or financed with German money. Their names were inscribed in confidential memoranda of the German Foreign Office as members of the German underground service, with the amounts received by them for their work. They were not all German names. Indeed, some of them belonged to other nationals who had posed as disinterested lovers of peace and who never wearied of talking about their "loyalty." Their advocacy of peace at any price they declared was based upon their devotion to "principle," "democracy," and their yearning for the early end of this "cruel war."

These miserable creatures did not even whisper pro-German views directly. That was what Berlin instructed their masters to avoid at all costs. But they talked and wrote a lot about the "unconstitutionality" of the selective draft; about the recreancy of Washington to the mandate of the election; about the danger of a "revolution." Every development in the Allied countries which they thought would help Germany was featured in the columns of their newspapers. The chaos and anarchy in Russia were pictured in the blackest colors and they "feared" that similar "terrible things" would happen in the other belligerents—except, of course, in Germany and her allies, which they always left out of their list of calamities. A labor strike in England prompted them to prophesy the extinction of Lloyd George, "the dictator," and his Government, at the hands of the British proletariat, who were represented as yearning to clasp the hands of the blood-thirsty beast that was murdering their women and children. A revolution for Italy was predicted every few days. As for the Pope's Austrian peace proposal, it was hailed as a "masterpiece."

Secretary Lansing's disclosures showed that all this was a campaign carefully planned at Berlin to discourage the efforts of the United States in the war. It was designed to injure the domestic loan flotations and hamper the operation of the selective draft measure. It was particularly vicious on the eve of the first Liberty Loan. It also was intended to sow dissension among the Allies.

Some of the members of the "Truth Society" and the "Friends of Peace" and so forth were innocent dupes of Berlin's wiles and were horrified at the Lansing revelations and the discovery that they were actually accredited at Berlin as Germany's employees; as German soldiers without uniform. But, nevertheless, such people aid the Kaiser's foul work. They help to promote the triumph of the most brutal form of militarism which ever cursed this earth. They assist the unholy cause of the fiends who sink the Lusitania and bombed hospitals and schools from the air; who sank hospital ships filled with wounded; who, as Mr. Gerard recently described, tortured British prisoners of war—our own Canadian boys among them; who raped and ravaged their way through Belgium and Northern France, and, as Bismarck once admonished them to do, left these whom they did not deport to slavery with "nothing but their eyes to weep with."

There were many people in the United States who were opposed to their country's intervention in the war. Mr. Bryan and Mr. Ford were prominent among them. But once the step was

taken they rallied to the Government's support. Mr. Bryan is speaking eloquently on his country's behalf. Mr. Ford is devoting all his great ability and the enormous resources of his business to supplying mechanical appliances for the army and the Allies. Those who, when the country was at war, continued to engage in activities and propaganda calculated to injure its efforts were either German agents, German dupes or the American counterparts of the Bourassas, the Lavignes and the Marshs. Now that Canada is trying to organize all its resources for carrying on the war; now that it has adopted compulsory military service, we need not be surprised if propaganda and activities of the same order as those which were exposed and suppressed in the United States develop here under the same mask of hypocrisy and pretence. Scratch an active pacifist now and you find a pro-German. This is as true in Victoria as it is in Chicago.

THE VICTORY LOAN.

Patriotism should unite with sound business in ensuring the success of the Victory Loan, the campaign for which will be launched next week. The greater the response the more munitions and comforts will be available for our soldiers, the more food will be sent to Great Britain and in general the more effective will be the country's effort in the war. In an economic sense the loan will be a positive factor. Not only will the bonds be an admirable investment, an investment offering highly favorable terms and backed by the whole Canadian people, but the loan will help to finance in Canada war orders from Great Britain and elsewhere which otherwise would go to the United States. Every cent of the amount raised will be spent in the Dominion, which means a greater circulation of money and more business. The principle of the domestic loan is fundamentally sound in any case; it is especially so under the conditions which will govern the Victory Loan.

An Ottawa dispatch yesterday announced that the chartered banks would assist small investors by lending up to 90 per cent. of the amount they wish to subscribe for one year. The interest rate will be the same as that received by the subscribers from the Government. This arrangement was adopted in the United States in connection with the Second Liberty Loan with excellent results. It broadened the field of operation and helped considerably in enrolling the huge total of 10,000,000 subscribers. It should have equally beneficial results in Canada.

CANADA FIRST.

Concluding a leading article appreciative of the action of the Liberal nominee for Durham County in urging a Union Convention for the nomination of a candidate acceptable to all the electors who desire to bring the maximum strength of the country to bear in the winning of the war, The Toronto Globe said:

"The faded and disillusioned party politician may be disposed to smile at the idea of a political revival, but stranger things have happened. When conditions are at the worst they must mend, and no one who has followed the course of public affairs in Canada during the past few years will deny that a political revival is greatly needed. If we begin deliberately and consciously to set country before party we may force party managers and party manipulators to mend their ways in order to keep step with the procession. It is not without significance that men like the Hon. Robert Rogers and Sir Sam Hughes, together with some Liberals who believe in fighting the devil with fire, have little use for Union Government or for non-partisan combinations on the part of the electorate. From them and their kind the cleansing of public life would mean political extinction. But for that very reason not a few electors will be disposed to take their stand with Mr. Bowman in his call for a real union of all good citizens until the great task involved in the destruction of German military autocracy has been accomplished. Our country is greater than our party; let us put Canada first."

This is not the first time the leading journalistic exponent of Canadian Liberalism has chosen country before party in a national crisis. Fifty years ago its founder and owner, the head of the Liberal party, was confronted with a similar set of alternatives. He had either to unite with Sir John A. Macdonald in a Union Government for the consummation of Confederation or play the party game and kill the movement for a united Canada. He detested Macdonald and his methods and Sir John had no use for George Brown. But the issue was too threatening and imminent to be shelved for personal likes and dislikes and party feeling. The provinces of Canada were at the parting of the ways. With them it was a situation of "united we stand, divided we fall." Brown did not hesitate. He entered the Union and brought his immense influence and prestige to bear in support of it. For doing so he was assailed by the men of his own party who were unable to rise above partisanship; men to whom the exigencies of the time meant nothing, and who did not care what happened to the

country as long as their own narrow views prevailed. The Globe to-day is standing in the same position as The Globe stood fifty years ago. It was as strongly opposed to the Borden Government and its methods as it was opposed to Sir John A. Macdonald at that time. It advocated a Union Government and a Union Government was formed. It supports that Government because it believes that it will do more to further this country's efforts in the war than a Government whose policy, worked out in practice, would disconnect Canada from the fighting-front and would involve the desertion of the men the nation had pledged itself to support. And alongside The Globe in its course stand nine-tenths of the English-speaking Liberal newspapers of Canada, from Victoria to Halifax. They are prepared to make long concessions for national unity, and they want their party to do the same—to be a party of Big Canadians, not little Canadians, no matter how it may affect the purely party political outlook.

THE SO-CALLED PACIFIST.

Argue about the war with a certain kind of so-called pacifist and he will be fertile in excuses for Germany. He will tell you the Allies are just as bad, and if you examine his arguments you will find that they are the official Berlin brand, inconsistencies, contradictions, misrepresentation, distortions and all. Quote the record to him, ask him about the Potsdam conference, the disclosures of the recent trial in Russia, Belgium and so on, and he will fly into a rage and talk about revolution—his trump card, nowadays—and act in a most unpacific manner.

The fact is, of course, that this kind of a pacifist is really no pacifist at all. He is an upholder of German militarism. In his heart of hearts he wants Germany to win because that is his two-by-four mind would be fit judgment upon those who refused to endorse his "principles" and asked him to fight for his country. And the worse Germany becomes, the more brutal her behavior, the more women and children she murders, the more he attacks the Allies and predicts that they will suffer a fearful retribution for going to war.

Neutrality between Germany and the Allies in this war is neutrality between right and wrong. The man who sticks to this to the end becomes in his soul as denuded of elementary morality as the most brutal agent of German frightfulness. The big, strong man, who stands on the street and allows a bully to beat a child is as bad as the bully. Whatever excuse he urges is for the bully and he tries to justify his conduct in terms of virtue under a mask of hypocrisy and falsehood. That is what these pseudo-pacifists, miserable creatures who are busy fouling their own nests, are doing to-day.

Congratulations to Premier Brewster on passing his forty-seventh milestone. May he pass forty-seven more and then some.

ARMISTICE IS LENINE'S PLAN; THINKING OF A CONFERENCE

(Continued from page 1.)

The Cabinet. Petrograd, Nov. 9.—The All-Russian Congress of Workmen's and Soldiers' Delegates is reported unofficially to have named a Cabinet composed of Bolsheviks and then adjourned. The Cabinet is headed by Nikolai Lenine as Premier, with Leon Trotsky as Foreign Minister. The Cabinet will serve until the Constituent Assembly approves it or selects a new one. In addition to Lenine and Trotsky the other members are reported to be as follows: Interior, M. Hlokov; Finance, M. Stvortsov; Agriculture, M. Milutin; Labor, M. Shilapnikov; War and Marine, M. Ovsianikov; Krylenko and Bilenko; Commerce, M. Lunacharski; Justice, M. Popkov; Supplies, M. Theodorovitch; Posts and Telegraphs, M. Avloff; Affairs of Nationalities (a new post in charge of the affairs of the different nationalities within Russia), M. Dzhugashvili; Communications, M. Riazanov.

All Bolsheviks. The Cabinet members are all Bolsheviks and are supported by the Left and the Social Revolutionist party, the other parties having withdrawn from the Workmen's and Soldiers' Congress. Bilenko is a Kronstadt sailor, while Shilapnikov is a laborer. In reply to a question from a peasant Deputy who protested against the arrest of the former Ministers, Trotsky announced that the Socialist members of the Kerensky Cabinet would be released from the fortress of St. Peter and St. Paul pending an investigation. He said the others would be held. The Congress took action to turn over to the land committees for distribution the landed estates and state and church lands. The banks in Petrograd re-opened to-day. The city is quiet.

IN ENGLISH HOSPITAL

Sergt. E. Tucker, of Tillamook, Recovering From Wounded Hand, at Oxford.

The wife of Sergt. E. Tucker, who, with her children, lives near the Tillamook Post Office, has received a telegram from Ottawa stating that her husband had been wounded in the left hand and was in hospital at Oxford. He left the city with the 8th Battalion, after living on the island for the previous eight years.

MORE NOMINATIONS FOR DOMINION HOUSE

Major Cooper in Vancouver South; Selections in Other Ridings

Vancouver, Nov. 10.—Major R. T. Cooper, in charge of the Shaughnessy Military Hospital, last night received the Unionist nomination for Vancouver South. He had already received the endorsement of the Win-the-War League and the War Veterans.

Centre Winnipeg. Winnipeg, Nov. 10.—The result of a Fusion meeting in Centre Winnipeg last night was that the delegates decided to vote an expression of opinion on the candidature of Dr. Bland and Major Andrews, and that the vote gave Major Andrews 44 votes and Dr. Bland 7. Some of the members of the Liberal delegation did not vote, giving as their reason that the soldier associations had too great a representation in the committee. It was decided that the vote taken be merely an expression of opinion.

South Winnipeg. Winnipeg, Nov. 10.—Without a murmur of dissent the Union Government forces in South Winnipeg at a convention last night selected George W. Allen, K. C., as their candidate at the coming Federal election.

South Essex. Essex, Ont., Nov. 10.—A meeting of South Essex Liberals to select a candidate broke up in disorder last evening when it was discovered on the second ballot that four more votes had been cast than there were delegates present. Hon. George P. Graham, whose name was placed in nomination, is the most likely choice.

Calgary. Calgary, Nov. 10.—At a conference of Union delegates here last night Thomas M. Tweedie, late member of the Provincial House for Centre Calgary, and Major Lee Richmond, a war veteran, were chosen to represent the Union Government in the West and East Calgary ridings.

London. London, Ont., Nov. 10.—At a mass meeting here last night of women, Major H. B. Cronyn announced his acceptance as Union Government candidate and pledged his support in winning the war. Major Cronyn is a lifelong Liberal and a veteran of the Northwest Rebellion.

Strathcona. Wetaskiwin, Alta., Nov. 10.—At a Unionist convention for the Strathcona Federal riding held here yesterday, James M. Douglas, the late Liberal member, was given the unanimous nomination. Resolutions were passed expressing confidence in the Union Government and pledging support to every effort to win the war.

North Brant. Brantford, Ont., Nov. 10.—In accordance with proposals from Ottawa, Lieut.-Colonel Harry Cockshutt has agreed to withdraw from the field in North Brant in favor of Hon. N. W. Rowell, provided similar action is taken by John Harold, Liberal nominee in the riding. Colonel Cockshutt telegraphed his opponent, suggesting the withdrawal of both. Mr. Harold replied declining to resign his nomination. He had once been prepared, he said, to make way for Mr. Rowell, but that time was now past.

North Battleford. Saskatchewan, Nov. 10.—A large and representative Union Government convention at North Battleford selected Charles Long, a prosperous farmer of the district, as Liberal Unionist candidate for the North Battleford federal constituency.

Saskatoon. Saskatchewan, Nov. 10.—James R. Wilson, Conservative Unionist, was the unanimous choice of the Union Government forces of the federal constituency of Saskatoon yesterday.

George McCreaney, who for the past twelve years has represented the riding in Parliament, also was nominated and after making a strong speech in support of the Union Government withdrew his name. J. F. Cairns, the Liberal nominee for Saskatoon since 1915, also pledged his support to Mr. Wilson. It is believed Mr. Wilson will be elected by acclamation.

At Regina. Regina, Nov. 10.—At a representative convention of the labor men of this province held here yesterday the Labor Party of Saskatchewan was organized for the purpose of entering into all the legislative bodies. About forty delegates were present representing 21 localities with a membership of 5,394 in the province.

A drastic Win-the-War resolution, was passed by practically a unanimous vote.

Cape Breton. Sydney, N. S., Nov. 10.—The political situation in Cape Breton South and Richmond is still unsettled. Yesterday announcement was made that the Liberal executive of this constituency will meet November 12, when the situation will be fully discussed.

It is said the opposition nomination will be offered D. D. Mackenzie in North Cape Breton at the Liberal convention to be held Tuesday at Baddeck.

Nanaimo Riding. Duncan, Nov. 10.—The political situation in this riding has not shaken down into its final shape as yet. A fusion meeting was held here on Thursday last and another is to be held next Thursday. If the sentiment at the forthcoming gathering should fall to be unanimous regarding a Union candidate it is probable there will be a Liberal candidate facing the Union nominee. Two or three of the leading Liberals of the district state that lack of unanimity will cause them to offer

themselves. One states he will run as an Independent Liberal. It is the opinion there will be a contest at the polls.

North Ontario. Uxbridge, Ont., Nov. 10.—An enthusiastic Win-the-War meeting was held here last night which both Conservatives and Liberals joined. The meeting was addressed by Hon. Arthur Meighen, Minister of the Interior; H. J. Gould and Major Harry Cameron, of Tiverton. Lieut.-Colonel Sharpe was endorsed as a Win-the-War candidate for the riding of North Ontario.

Colchester. Halifax, Nov. 10.—F. B. McCurdy was nominated for Colchester at a Conservative convention held in Truro last night. John Stanfield, the late member, declined nomination on the ground of his health. A delegation was appointed to wait on the Liberals and suggest Mr. McCurdy's name as Unionist candidate.

South York. Toronto, Nov. 10.—Twenty-eight Liberals representing the riding of South York yesterday declined to confer with the Conservatives of the constituency to nominate a Win-the-War candidate. A lengthy resolution was adopted in which it was maintained that the Borden Government had not kept its promises in connection with the abolition of patronage. Another clause in the resolution stated that the whole attitude of the Borden Government indicates fear and distrust of the people.

Hamilton. Hamilton, Ont., Nov. 10.—The Independent Labor party here is strongly opposed to union government. At a stormy three-hour session behind closed doors last night, 200 members selected Alderman George Halcrow and Walter Rollo as Labor candidates in the East and West Hamilton ridings. In a general resolution which was unanimously endorsed, a referendum on the question of conscription of manpower was demanded.

East Hamilton. Hamilton, Ont., Nov. 10.—Only about 40 attended the convention of the East Hamilton Liberals last evening, and of these fully half were from West Hamilton, who were not allowed to vote. After a long and stormy debate, the thirty East riding delegates appointed a committee to find, if possible, a Liberal candidate to oppose Major-General Mewburn, Minister of Militia.

HON. T. S. SPOURLE DIES IN ONTARIO

Former Speaker of Commons Succumbs After Long Public Life

Markdale, Ont., Nov. 10.—Hon. T. S. Sproule, M. D., former Speaker of the House of Commons and latterly a member of the Senate, died here this morning. Thomas Simpson Sproule was born October 25, 1843, in King Township, York County, Ontario, both of his parents having come from Tyrone, Ireland. He was educated in the common schools of Grey County, Ontario, at the University of Michigan and Victoria University, Toronto, from which he graduated in medicine in May, 1868, although for four years before taking up the study of medicine he was engaged in commercial life. In 1894 he took up farming, owning a farm until his death to-day. At different periods of his life he engaged in the drug and stationery business and the saw mill business. The practice he built up as a physician in Markdale was a large one.

He was elected first to the House of Commons as a Conservative at the general election of 1878, and was re-elected at each succeeding test at the polls, his final success being at the last general election. For five years he was chairman of the Committee of the Commons on Colonization and Agriculture, and for some years was chairman of the Miscellaneous Private Bills Committee. He was elected Speaker of the House of Commons on November 15, 1911, and resigned that position on being appointed to the Senate on December 3, 1915.

Dr. Sproule was widely known as a leading Canadian Orangeman. He was Grand Master of the Loyal Orange Association of British America, succeeding on the death of N. C. Wallace. In religion Dr. Sproule was a Methodist. In 1881 he married Mary Alice, daughter of K. W. Fletcher.

SHOULD STIFFEN OUR RESOLVE.

To the Editor:—Ex-Premier Kerensky's reported assertion that the Russians are weary should strengthen our arm. Though undesirable if true, yet it only means that we have got to do more, or more of us have got to "do." It should lessen the exemption claims of the first class and stir the second into readiness while men of the third and fourth classes should get active and train.

Our slogan of "win the war" is fine, but behind it must stand the khaki-clad individual equipped with a knowledge of military tactics filled with determination to win and backed by a home-land of loyal, energetic supporters who never for a moment weary, but are always serene in the knowl-

TWENTY-FIVE YEARS AGO TO-DAY

Six Indians have died at Hesquet, it is reported on the arrival of the steamer Maude from the West Coast. Near Uxbridge she rescued the rescuee C. F. Sergeant, which was drifting in towards the breakers. Alexander McLeah and a Saanich Indian will race to-morrow afternoon from a point opposite Jones' bathhouse, Deadman's Island, to return, for a stake of \$150. Two Redemptorist Fathers, of Seattle, will hold a mission in St. Andrews' Roman Catholic Cathedral next week.

edge of the calibre of Britain's manhood. Men of forty or so, who are able, should get a move on and drill—join what is known as the "home guards" preparatory to more active service when needed. If ready when the call comes their value is threefold, for now they can train with ease and thoroughly imbibe the rudiments of soldiering. They can get in touch with returned men, meet real active service heroes, gain pointers of value from the front and fit themselves according. If they wait before training till the need is urgent they will be hustled through and they will not be near as good men as they might have been, for training is as essential to the soldier as yeast is to bread, or air is to gas—it is the mainspring of military success.

Men who work in stores and offices all day would do well to get busy. They should not think because they are hovering around the age limit that they will always be exempt. If Russia has quit then Canada must do more possibly than she has promised. But on the other hand if they are never called it will do them a world of good as individuals. They will get up quicker in the morning and will be more alert all day long in the head and the heels.

"Five Points." J. A. SHANKS.

THE MOVIES AGAIN.

To the Editor:—Under the heading "Tax Sounding Doom For Picture Shows," in your last night's Times, I read a wonderful account of the great hardships that the Government has imposed on the proprietors of picture shows through a small tax which the people only are asked to pay to help up the revenue of the province.

One would naturally think by reading this article that unless this tax law is reversed within the course of a few weeks we will be without picture shows. If one reads between the lines of the general discontent shown by the managers since this new law was first talked about he will find that there has been a systematic attempt to make it appear that it is the Government who are responsible for the high prices, and in order to bring it home the more forcibly they not only collected the tax but a little tax of their own imposition. Take Mr. Muir's statement that during the last two or three years the duty on imported reels has advanced by no less than 500 per cent. If this happened so long ago as he states they have been a long time in finding that they were losing money through this source. Mr. Muir also brings in an argument that both operators and orchestra men are going in for an advance of another 20 per cent. I could understand him bringing this in as an argument if he were employing a large number, but as it only means one and a half operators and one in his famous orchestra (speaking now of the Dominion Theatre) and no additional cost for new music, I fail to see where this makes any reason for the advance in prices and this could easily be offset by employing lady ushers instead of the opposite sex, which is something the premier picture show is behind times in, even against our smallest five-cent picture show.

Admitting that the prices on practically everything have advanced since the commencement of the war, is this any reason why they should change their plans of doing business? Before the war one had always a choice of a 10 or 15-cent seat, according to location, but now when many people have less money for luxuries they are confronted at the show with one price all over, and a person who, earns ten dollars per week, has to pay as much as one earning thirty dollars (that is, leaving the boxes out of the account). Why should a 10-cent seat advance 150 per cent, and a 15-cent only advance 64 per cent when you are seeing the same pictures?

Might I ask if one of the increases in the cost of the film was not the out-bidding of different managers for certain films and that this was partly done away with at their last conference? Are not a lot of the so-called famous pictures just mere ordinary, only well advertised with a lot of costly bill-boards? Why ask people to pay for these unnecessary expenses that mostly go back to the States? A well-placed advertisement in the leading papers, backed up with a first-class show that the public will recommend as being good to their friends, is the only kind of advertising that pays. Do we get value in our shows to the same extent that they do in the American cities? As for instance the music that is rendered during the performance. The same old music with frequent intervals, whereas on the other side they make a specialty of their musical number and get the people into the habit of asking for their favorites, giving a short recital which allows a slight relief to the eyes and makes the evening's entertainment a pleasure. One of the lessons learned in England by theatrical managers was that however great a drawing card they had unless they had the popular prices they would never make a success, as they might for a week or so get the increased prices but as soon as the masses got to realize that their pleasure was costing them a little extra they thought it time to stop going. They may have been in the habit of going two and three times a week (and going to the theatre is a habit with most of us) and as soon as they stopped one night then they realized that they could easily do without going at all.

With the drop in prices next week and the people to pay their own tax

the proprietors will find a return to their normal business, which will give them better returns than a small attendance at the high prices, and with the advent of the lowered prices I wish them luck.

Before closing I would like to emphasize more strongly my points for saying that it is nothing but a systematic attack against the Government's new law.

My summary of the whole affair is that they want the people to say that the present tax is an imposition because they figure that it will hurt their business.

VICTORY LOAN DRIVE WILL COMMENCE EARLY MONDAY; THREE MILLION THE MARK

(Continued from page 1.)

of the loan drive have been and are still being distributed, while the banks were supplied with the prospectus of the loan this morning.

Blast of Whistles.

The chairman of the Advertising Committee made it emphatic this morning that he wished every plant in the city to take it as a responsibility to blast their whistles for one minute at 10.55 o'clock on Monday morning. The effect should be material in giving the great drive its initial momentum.

Following the parade the bond salesmen will set forth on their city and district wide campaign. At the Victory Loan Office this morning everything was progressing satisfactorily, and if the confidence at present pertaining to those quarters is maintained during the next three weeks, the perfection of the committee's organization will be assured.

Numerous Gatherings.

Art Fraser and J. B. Warrick, who are in charge of the meetings, stated that everything was in readiness. Throughout the week numerous gatherings will be held in all the principal industrial houses of the city. On each occasion the employees will be addressed very briefly by two speakers, one dealing with the Victory Loan from the inspirational standpoint and the other devoting his time purely to an explanatory talk. On Monday the committee will visit Weller Bros. at 5:30 p. m. on Tuesday at 11 a. m. at E. G. Prior & Co., Ltd., at 8 p. m. at Yarrow, Ltd.; at 8 p. m. they will address the Patriotic Club at the firm of Angus Campbell & Co.; on Wednesday they will speak to the Rapco Paint Co.'s employees at 1 o'clock, the B. C. E. Ry. Co. at 2:30, at Military Headquarters at 4 o'clock, and again at the B. C. E. Ry. Co. at 8 p. m.; on Thursday, Dr. Spencer, Ltd., at 4 p. m. and also the Government Buildings, and at 1 p. m. the Victoria Machinery Depot; on Friday the Cameron Genoa Mills; on Saturday the Foundation Co.'s yards.

Patriotic Tableau.

The big night meetings of the week will be inaugurated on Monday before the store of Gordons, Ltd., on Yates Street, where a patriotic tableau will be staged. Speakers will deliver short addresses.

To-morrow in the city churches the clergy will refer to the opening of the loan and in some instances will devote a considerable portion of the services to that topic.

Lantern Lectures.

On Tuesday and Friday evening lantern street lectures will be delivered on Broad Street, by A. J. Hodgeskinson, and on Sunday, November 18, a great meeting will be held in the Royal Victoria Theatre. The Lieutenant-Governor will be in the chair, and the speakers for the evening will be Bishop McDonald, Hon. W. J. Bowser, and George Bell, M. P. P. The 5th Regiment Band will be in attendance.

With the completion this morning of these arrangements the committee feels that the first week of the loan will be carried through with success equal to the highest expectations.

DIED SUDDENLY

Gunner Arthur James Leary Passed Away While on Duty at Esquimalt.

Gunner Arthur James Leary, of the 5th C. G. A., died with tragic suddenness from heart failure yesterday while on guard duty at the Dry Dock, Esquimalt. The deceased soldier was born in London, England on October 22, 1876, where he held a position on the London Stock Exchange before coming to Canada about twelve years ago.

For many years he was in partnership with Richard Hall in this city, carrying on a brokerage business at 1232 Government Street. He enlisted in the early part of 1916, and for some time was on guard duty at Banfield Cable Station.

He was transferred from the 103rd Battalion, C. E. F., to the 50th Gordon Highlanders, and in November, 1916, to the 5th C. G. A., with which he has been serving until he met his death yesterday.

He is survived by a widow and several daughters, at present living in New York, and two sons of whom, Cornelius, a former member of the 5th C. G. A., is stationed at Toronto with the 4th Highlanders.

The funeral will take place on Monday at 2 o'clock from the Sands Chapel, Rev. Baugh-Allen officiating, and the deceased's comrades of the 5th C. G. A. will attend the last ride.

VICTORY BONDS

As An Investment

"Peace Without Victory is Unthinkable" said one of our greatest British Statesmen recently, and this sentiment is endorsed by every true patriotic individual in the Empire.

To make sure of VICTORY—Men, Money, Munitions and Ships are needed at once. At the present moment

Money Is a Vital Necessity

And all who have money are called upon to lend it to their country, to enable the Canadian Government to raise a Great Loan to enable Great Britain to buy Canadian products and manufactures.

It is essential for the maintenance and prosperity of this Dominion that this Victory Loan be fully subscribed. Great Britain has declared through her Envoys that she is unable to buy Canadian goods except on CREDIT and puts it up to the Dominion Government to establish a system of finance to meet the case.

The prosperity of this Country is built up to a very great extent and practically depends on a system of trade with Great Britain—she is our best customer for our produce and manufactures.

It is absolutely necessary then in order to keep the wheels of industry working, and to maintain the present prosperity of the Canadian people that this accommodation should be given. Hence:

MONEY IS VITALLY NEEDED AT ONCE

and all who have it should, as a sense of patriotic duty, lend it to their Country at this hour of national danger.

NO INVESTMENT CAN BE SAFER THAN A GOVERNMENT BOND

The security is gilt-edged—safe as the country itself. All the country's resources, developed and undeveloped, and all the assets of all the people of Canada are behind a Canada Victory Bond.

There is no security so secure, for in it are embraced all other securities.

CANADA VICTORY BONDS ARE PROFITABLE

as well as a safe investment. They yield 5 1-2 per cent interest yearly, payable every six months at any branch of any chartered Bank in Canada. Compare this with the ordinary 3 or 4 per cent usually paid by the Banks.

MAKE UP YOUR MIND TO BUY AS MANY VICTORY BONDS AS YOU CAN

and be ready for the Bond salesman when they call on you between Monday, November 12th, and December 1st.

VICTORY BONDS

If there is any doubt in your mind as to whether you should invest your savings in Victory Bonds, a perusal of this excerpt from a pamphlet published by Canada's Victory Loan Committee will dispel it:

"Four hundred thousand and more of Canada's finest and bravest men have swept aside their home ties and friendships, their private interests and pleasures, and volunteered to serve for Canada and the Empire. More than thirty thousand of them have made the supreme sacrifice. Many more thousands are maimed, crippled, blinded, incapacitated in a hundred ways. Tens of thousands of fathers and mothers, wives and children bear with aching hearts the burden of their deep affliction in the loss of their loved ones."

Does the security won by such incomparable bravery and sacrifice not call for some effort from you? If you think it does—

WOMEN IN LINE FOR VICTORY LOAN DRIVE

Many Will March in Big Procession Monday Morning; Others Will Buy

A number of representatives of the prominent women's organizations of the city met at the Empress Hotel yesterday afternoon to discuss the question of women's participation in the Victory Loan campaign. Owing to the short notice given, none of the women's societies had time to call a meeting to select an official delegate, so most of the women present acted in a semi-official capacity as representing their organizations.

C. L. Armstrong, of the Victory Loan Committee, presided, and in outlining the purpose of the meeting, stated that it was hoped to arouse interest among the women as well as the men of the city. Mr. Armstrong suggested that some of the organizations of the city invest in a war bond and present it to some charitable organization.

At the Victory War Loan parade on Monday, the Women's Auxiliary to the Great War Veterans' Association will take part, marching immediately behind the Veterans. Several women have promised to speak at various open air meetings, to advertise the Victory Loan.

Mrs. McDiarmid and Mrs. Brown, of the Canadian Women's Club, intimated that the club will meet next Tuesday, when the question will be discussed of devoting the proceeds of a lecture to be arranged, to the purchase of a Victory Bond for the Widows and Orphans.

A Correction.—The newly-completed organization of woman relatives of soldiers has received the name of "Great War Next-of-Kin Association," not the Great War Veterans' Next-of-Kin Association, as recently announced.

LADY MAUD'S WEDDING IS FASHIONABLE EVENT

Many Distinguished Visitors
Attend Marriage of Governor-General's Daughter

Fully twelve hundred guests representative of every province in Canada, were present at the marriage of Lady Maud Louisa Emma Cavendish, eldest daughter of Their Excellencies, the Duke and Duchess of Devonshire, and Capt. Angus Mackintosh, Royal Horse Guards, only son of The Mackintoshs of Mackintosh. The wedding was solemnized on Saturday, Nov. 3, at Christ Church, Ottawa, the church being profusely decorated with palms and masses of white chrysanthemums.

The lovely young bride, who was given away by her father, wore a gown of silver tissue, made in simply classic lines, with a long skirt and full court train of the tissue, and transparent sleeves of lace. A plain tulle veil, with a single row of pearl trimming at the edge was worn over a wreath of orange blossoms. Her ornaments were rope of pearls, the gift of her father, a diamond ornament, the gift of the groom, and a turquoise ring the gift of Sir Richard Neville. Instead of the customary bouquet, she carried a vellum-bound prayer book.

The Ladies Blanche, Dorothy, Rachel and Anne Cavendish, sisters of the bride and Miss Peggy Henderson, daughter of the Military Secretary to the Governor-General, acted as bridesmaids and were charmingly gowned in pale yellow georgette crepe trimmed with shunk fur at neck and wrists, the belts and yokes outlined with silver. Pale yellow stockings and silver shoes were worn, and on the half, wreaths of bronze button chrysanthemums twined with silver ribbon completed the charming toilettes.

The Duchess of Devonshire was attended in beige chaperone trimmed with fur with which she wore a brown hat trimmed with blue shaded ostrich feathers, and ermine furs.

The event was of a military nature, the groom and his best man, Capt. in Richard, of the Grenadier Guards, wearing khaki. Captain Mackintosh went through some of the earliest engagements of the present war, and was severely wounded in the lung. The ushers were Major John Basset, Captain Bulkeley Johnson, Major A. D. Irwin, Captain's Kenyon-Slaney, Commander Morris, W. Davidson Erwin and Leslie Macoun.

The officiating clergy were Rt. Rev. J. C. Roper, Bishop of Ottawa, Rt. Rev. Lenox Williams, Bishop of Quebec, Rev. F. H. Brewin, and Rev. Lenox I. Smith.

Immediately after the ceremony a reception was held in the Blue Gallery at Government House, a simple wartime tea being served in the ball-room.

Captain Mackintosh and his bride left after the reception, by motor for Meach Lake, where they will spend a few days. At Colonel Henderson's country home before going to Cillifordia, where the honeymoon will be spent. The bride travelled in a costume of nigger-torn chaperone and brodered in shades of brown, with a brown velvet hat and silver fox furs.

Following the opening of Mrs. Mary Ritter Hamilton's art exhibition in Vancouver yesterday, tea was served in an adjoining room, when Mrs. W. H. Coy and Mrs. W. G. W. Fortune acted as hostesses. Mrs. W. D. Brydone-Jack and Mrs. E. B. Ross presided at the tea tables, which were effectively decorated with pink carnations.

Dr. W. E. Home, former pathologist at the Royal Jubilee Hospital, and now in the Imperial Navy Service, England, was a visitor in London recently, accompanied by Mrs. Home, when they had the unpleasant experience of witnessing an air raid. In a letter to a friend in Victoria Dr. Home commented on the attitude of the people, saying that more interest than excitement was displayed, and there were no signs of fear on the part of the populace. Comparatively little damage, beyond broken windows, was done.

Miss Peggy Lewis and Miss Dorothy Randall, of the Westholme Cabaret, through the efforts of Private Steiner and the courtesy of Manager Bonner, of the Westholme, contributed a number of songs to the programme of the concert held at the Willows Camp on Wednesday evening last. Miss Lewis sang "Maggie Dooley," "Take Me Back to Blighty," "It's Lovely to be in Love" and "Mother Machree," all of which were greeted with vociferous applause, as were "The Long, Long Trail" and "The World will be Jealous," sung by Miss Randall. Others who contributed to the programme were Corporal C. H. Lee, Ptes. Wells, Harrington, Soderberg and T. Wideman, all of whom were enthusiastically applauded, as was the duet, "The Larboard Watch," sung by Privates Scott and Ward.

SUCCESSFUL WORK

OF MRS. ROBERTSON

Has Resigned in Order to Go to London With Her Husband

Victorians will be interested to hear that Mrs. Hermann Robertson has recently left Hastings after conducting a canteen in connection with one of the hospitals there for nearly a year. So successful was she that she has been warmly complimented by the military authorities. She has now resigned her work in order to go to London with her husband, Lieut.-Colonel Robertson, C. A. M. C., who has been made O. C. of the I. O. D. E. Hospital at Hyde Park Place, London.

Mrs. Robertson, who is a sister of Mrs. F. S. Barnard and Mrs. Harry Pooley, was well-known in musical circles in the city, she having been for several seasons president of the Ladies' Musical Club, resigning office when she left for England in November, 1915.

Colonel Robertson, who was a well-known medical practitioner in the city, held the rank of captain in the 5th Regiment for some years prior to the outbreak of war. He left Victoria in August, 1915, with No. 5 Base Hospital for Salonica, where he served a year, returning to England in December, 1916, to take charge of the Canadian Distributing Hospital at Hastings, in connection with which Mrs. Robertson conducted the canteen.

Miss Tremaine, the Canadian woman who nursed King George when he was thrown from his horse last year, is matron of the hospital of which Col. Robertson has been given command. Miss Mowbray, a niece of Lady McBride, is a member of the nursing staff, while until recently Miss Peggy Rose and Miss Boulton, of Vancouver, were attached to the staff.

TRAFFIC ACCIDENTS

Two Young Men Hurt on Point Ellice Bridge: Collision Between Car and Cyclist.

Two accidents occurred in the city last evening. Knocked off his bicycle, James Jamieson, of Boleskin Road, sustained minor injuries, when the automobile of E. D. Grierson, of 906 Pemberton Road, struck him on Fisgard Street. Dr. Lennox attended.

To avoid a collision on Point Ellice bridge, when an automobile suddenly came up from behind horse vehicles, Stanley Semple, 419 Langford Street, was compelled to drive his motor cycle into the side, and bruised his thigh, also skinned his hand and arm, while William Oliver, 212 Edward Street, who was with him, sustained a badly bruised leg. First aid was given them and they were sent home.

STRONG PRODUCTION BOOKED AT PANTAGES

Manager Rice, of the Pantages Theatre, announces that he has arranged a booking of "Iris," Sir Arthur Wing Pinero's most famous play, and will present it in film form Monday and Tuesday of next week. "Iris," the famous work of a famous author, has been immensely successful on the stage throughout the world. It was played in this country by Virginia Harned, Lynne Harding and William Courtenay.

The title role of "Iris" is interpreted by Miss Alma Taylor, the beautiful young English star who in point of popularity corresponds to Mary Pickford. Miss Taylor is the highest paid English actress. She has appeared in "Little Miss Nobody" and other hits on the stage, and she scored a distinct success in the "David Copperfield" film produced by Hepworth and shown in America. It is said that she pleased Sir Arthur Pinero with Miss Taylor's work as "Iris" that he wrote her a letter stating that she was his ideal of the part, and that he could wish for no improvement in her interpretation.

In discussing the picture Manager Rice said, "Iris" is a strong photoplay, acted and produced, however, with good taste and with strength.

STRAY NOTES FROM NORTHERN MISSIONS

Rev. Dr. Forbes, on Visit Here, Gives Some Impressions of Alaska.

Among the most energetic of the denominations operating in Alaska in evangelical and teaching work is the Presbyterian Church. Rev. W. O. Forbes, D. D., Synodical Superintendent of the Synods of Washington, Oregon, Idaho, and Alaska, who is in the city over the week end with Mrs. Forbes, has had long experiences with work in this section. His position has taken him on extensive tours in the North, and of some conditions in Alaska he told in a chat with a Times representative last evening.

"In an endeavor," he said, "to keep in touch with the developments of a widely scattered country, one very difficult to traverse on account of lack of transportation, we have established a mission at the new center in the Tanana district, whence are distributed the supplies for the Government railway, which is building to connect Central Alaska with Anchorage. We have churches and missionaries at all the established points in Alaska, and are probably as well organized as any of the Christian churches in the Territory.

One of our great prizes, however, is the training school at Sitka, where we have some eighteen teachers and a large number of native pupils. While my work has naturally lain during Northern inspection trips with the Presbyterian connection, I would pay a tribute to the splendid work of all the churches. Most remarkable is the wonderful mission of the Rev. William Duncan at Metlakatla. Since his establishment there a generation ago the marvels that he has wrought have been the theme of many eulogies.

"When I saw him last, the venerable clergyman showed just that enthusiasm, that real, that unfeigned interest in his charges that has always marked his career. New forces have grown up in the mission which trouble the veteran. A new generation arising enamoured with the ideals of the present day, and a little impatient of the ways of the aged benefactor. It is something of a grief to the founder of the famous mission that all do not view his ideas of development in the same light. When a Government school came into the district he seemed to think it some reflection on those educational methods which he had pursued with uniform advantage for many years."

Dr. Forbes says the experiment with Prohibition in the North will be a very interesting one, the mining camps not having been regarded hitherto as ideal locations for a dry law. In that connection he mentioned incidentally that a great mining camp like Butte, Montana, where he recently visited, affords sharp contrast to the good conditions of camps of a dry state like Washington. Dr. Forbes was for many years located at Portland, before he came to Seattle to make his headquarters there.

MEET AT MUSEUM

New Departure for Natural History Society Arranged for Monday Evening.

At the invitation of Director Frank Kernode, of the Provincial Museum, the Natural History Society will hold its regular fortnightly meeting in the new "Museum" on Monday evening. This is a new departure and is made possible through the good offices of the Provincial Secretary.

There will be a general discussion on "Birds," the leaders in which will be Dr. Hassell, Director Kernode and Col. McElroy. The museum specimens will be available for illustration and the feathered tribe the occasion should be seized to make a beginning.

The meeting will commence at 8 sharp.

High School Activities

Rugby and Basketball Teams Busy Winning Contests; Combined Meeting of Portia and Beta Delta Societies Marks New Era for Clubs.

The athletic world of the V. H. S. has been active as usual this week. On Tuesday the rugby team of the Senior and Junior Matriculation classes went down to ignominious defeat at the hands of the Prelims and Juniors. The patriarchy of the game were completely overwhelmed by the rushes of their young but skillful opponents, who again and again penetrated into the enemies' ground for a touch-down. The victors' three-quarter line wrought most of the havoc, and the fact that three of the latter are members of the school team augurs well for its success.

In the first half Lineham and Lewis each scored twice, while Millard, Forbes and McDonald brought the tally up to 21. In the latter part of the game Ross, Lewis and Forbes were successful in illuding the opposing backs, and thus concluding the struggle with a margin of 29 over the Matriks.

In spite of the one-sided score the match was a fine exhibition of rugby, which will, besides affording the younger element of the institution, well-earned exultation, serve to raise still higher the enthusiasm and expectations of the whole student body.

More Basketball Success.

The boys of the Oak Bay High School were again overcome by the prowess of the basketball team of the V. H. S., which, having invaded the adjacent municipality for the second time, routed its victims of last week. In the first half the local athletes, being unfamiliar with the gymnasium, did not display much combination. However, as the game progressed, their superiority, while still playing on a floor half the size of that to which they were accustomed, became more and more apparent. In spite of a determined fight by Oak Bay, the score was 29-8 when the final whistle blew. Legg and Sproule got many baskets on passes from Heaney, and the opposing forwards found the defence—Campbell and Hardy—almost impenetrable. The most outstanding players of the losing team were Brinjoison and Goodacre.

The lineup:
V. H. S.—Campbell and Hardie, guards; Heaney, centre; Legg and Sproule, forwards.
O. B. H. S.—Henderson and Adams, guards; Hope, centre; Goodacre and Brinjoison, forwards.

Beta Delta and Portia.

An event unprecedented in the history of the school took place on Thursday when the two debating societies, departing from their usual activities, held a joint mass meeting in the auditorium, over half the school being present.

The Portia Club provided miscellaneous items for the first and last portions of the entertainment, while the Beta Delta's more spectacular contribution came between. The first item was an excellent pianoforte solo by Miss Hunter, after which Miss Sangster gave an amusing recitation entitled, "How Uncle Mos' Counted the Eggs." A quartette, composed of the Misses Wood, Beckwith, Haslie and Palmer then sang "Snowflake."

The triumph of the afternoon was "Blood and Iron," a playlet in one act. The cast was as follows: The Kaiser, Bolton; A Scientist, Yeo; No. 241, a reassembled soldier who epitomises the outgrown efficiency of Prussia, Hutchison; stage manager, Butterfield.

The play commences with a dialogue between the Emperor and the Scientist. The latter presents his majesty with the greatest of all birthday gifts—the

There is imperative need for the exercise of economy and thrift by every element in the community.

The housewife can save by getting More Bread and Better Bread if she uses

PURITY FLOUR

perfection of a system of remaking wounded soldiers by giving them metal limbs, telephonic ears and telescopic eyes. A specimen, the scientist's crowning achievement is produced, and his efficiency demonstrated by various tests. The Emperor then requests the creator of No. 24 to retire, in order he may examine this machine man alone. A very dramatic scene ensues in which the Kaiser loftily questions the soldier whose bitter replies reveal the terrible plan he has determined to execute. Finally, as the doomed monarch covers on his throne, No. 241, with mechanical but irresistible purpose, extinguishes the lights and, after a terrific struggle overpowers and kills him.

The play, although short, contains some very excellent dialogue, and the interest at the climax is intense. The significance of the plot is also of great interest. The downfall of Junkerdom and militarism embodied in the Emperor, caused by the very efficiency which was the stepping stone to its dominating position gives the whole a tinge of dire prophesy.

The parts were excellently rendered by the characters and the performance had an enthusiastic reception.

The Portia Club then finished its part of the programme with a delightful song by Miss Barker, and recitation by Miss Corrance. The meeting was brought to a close by singing the National Anthem, and a crowd of delighted spectators dispersed, having witnessed a spectacle which marks the opening of a new era in the development of the society.

Patriotic Work.

Patriotic enthusiasm has by no means ebbed with the sending of boxes to the fellows at the front. Although most High School boys are woefully ignorant of even the fundamental principles of the mysterious art of knitting, yet they can and are doing their bit in other ways. Some enthusiasts, who find it physically impossible to make socks, are planning to give a concert in the near future, the proceeds of which will be donated to the Red Cross Society. This entertainment will be held on November 24 in the auditorium of the High School. The programme, promises to be of an unusually varied and amusing character. Indeed, it will probably be the first affair of the kind produced in the institution.

"Danger Ahead" is the Warning Which Headache Signals to You

TRUE, an occasional headache may result from conditions that pass away, but "persistent headaches" tell of serious trouble, and demand attention.

Women are more liable to headaches than men. The direct cause may be overwork, worry or mental anxiety, but the real source of trouble is debility of the nerve centres.

The brain is the "central station" of the nervous system, and here is first felt any unusual strain. Headache results, and you are warned of the exhausted condition of the nerve cells.

The first thought is of relief, and too often there is formed the habit of resorting to headache powders or tablets, instead of aiming at the restoration of the nervous system.

Nerve Cells of Brain Cry Aloud for Rich Red Blood

The Food Cure

Mrs. G. Storrington, 18 Catharine Street, Kingston, Ont., writes: "I have been suffering for the last five years with nervousness, headaches, so that my eyeballs would fairly split, dizziness, and weakness of the heart, and a generally rundown condition. I doctored for several years with different doctors, but without getting relief. Through reading one of your booklets I thought that possibly I could get benefit from Dr. Chase's Nerve Food, so I decided to try it. I got one box, took the pills, and, feeling better, followed it up with more. Now I am feeling much better, am stronger, and able to get around and do my work without difficulty. I would recommend Dr. Chase's Nerve Food to anyone suffering from nervousness and rundown condition."

Anaemia or bloodlessness is often an accompaniment of headaches. The blood is thin and watery, the nerves are starved, there are spells of melancholy and discouragement, and you feel in many ways the need of reconstructive treatment such as Dr. Chase's Nerve Food.

Fatigue and exertion should be avoided, and you should have exercise in the open air while using this food cure to nourish the starved, depleted nerve cells back to health.

Not only do you cure headache by using this treatment, but you build up the run-down system, and prevent such developments as nervous prostration and paralysis.

Province Is Sustaining Damage and Loss From C. N. R. Failure to Build

Hon. John Oliver Writes Sir Robert Borden Stating
Case for Province in Regard to Railway; Mayor
Todd Endorses Stand

Mayor Todd will bring before the City Council on Monday evening a communication with regard to the Canadian Northern Railway undertakings on Vancouver Island; being part of a statement sent by the Hon. John Oliver, Minister of Railways, to Sir Robert L. Borden, the Prime Minister. He urges the Council to give careful consideration to the matter, and to "omit no action or effort, which it is possible for the Council to make, in order to secure the completion of the company's undertakings upon the Island, and in connection with the car ferry service to the Mainland coast."

In a personal statement to The Times, His Worship strongly endorses the proposal as set out by the Minister, and hopes the various bodies to whom he has referred communications on this matter will give careful attention to the subject. Having secured permission from the Minister to use the statement, he is very glad to give the subject the fullest publicity.

The letter, which is addressed to the Prime Minister, at Ottawa, says:

"Dear Sir:—I wish to direct your attention to the unsatisfactory conditions attached to the undertakings of the above railway company with the Government of the Province of British Columbia. For the purpose of making this explanation as easily understood as possible I will refer to the undertakings of the railway company in their consecutive order as embodied in and authorized by statute.

The Main Line.

"The first I refer to is known as the main line extending from the City of New Westminster to the Eastern boundary of the Province at Yellow Head Pass, a distance of approximately five hundred miles. The British Columbia Government guaranteed the bonds of the railway company in connection with the line of railway to the extent of twenty-two and one-half million dollars. This line of railway has been completed and is now in operation but in connection with its construction and on account of the wilful wrong doing of the railway company, and of the Government of the Province of British Columbia, some \$62,555 of trust funds which have been provided for the purpose of securing the second line of railway to which I will presently refer was wrongfully diverted and paid over to the railway company in connection with the construction of this the first line of railway mentioned.

The Island Railway.

"The second line of railway was to extend from the City of Victoria in the direction of Alberni, a distance of one hundred miles. The Government of the Province guaranteed the bonds of the railway company in connection with this second line of railway to the extent of three and one-half million dollars. Six hundred and sixty-two thousand five hundred and fifty-five dollars of the money proceeds of these bonds was, as before stated, wrongfully diverted from this line of railway to the first line of railway mentioned. Not only was this wrongful diversion made, but all the money proceeds of the three and one-half million dollar bonds amounting to \$3,252,399 were paid over to the railway company, although at the time this payment was made only \$1,537,845 had been expended on the construction of this second line of railway. The money provided for this section of the line of railway, which under the statute should not have been paid to the railway company until the line was completed, have, as a matter of fact, been paid over, and the railway company's resident engineer in Victoria estimates that it will still take from \$1,474,000 up to \$1,613,000 to complete this second line of railway. Both the lines of railway before mentioned were being constructed under the provisions of chapter 3, British Columbia Statutes of 1910.

"The third line of railway to which I draw your attention was for approximately one hundred and fifty miles of railway extending northerly from the end of the second line of railway before mentioned. The Government of the Province guaranteed the bonds of the railway company for this line of railway to the extent of \$5,250,000. From the trust funds created by the money proceeds of these guaranteed bonds there have been released to the railway company \$1,350,000, although the company was entitled to receive only \$742,000 on account of the work done. There has been a wrongful overpayment to the company in respect of this line of railway of upwards of \$608,000. Based on the cost of construction previous to the war \$5,326,000 are still required to complete this line of railway.

Okanagan Branch.

"The fourth line of railway to which I direct your attention is a line of railway from a junction with the main line of the Canadian Northern Pacific Railway near the City of Kamloops, extending a distance of one hundred and forty-five miles to the City of Kelowna. The Government guaranteed the bonds of the railway company for this line of railway to the extent of \$5,675,000. From out of the trust funds created from the proceeds of these bonds \$509,000 has been released to the railway company, although \$569,000 only has been earned under the conditions of the contract, or an overpayment of \$239,927. On the basis of cost of construction previous to the war it would require \$4,098,000 to complete this line.

On Burrard Peninsula.

"The fifth line of railway to which I direct your attention is a line of railway from the City of New Westminster to the City of Vancouver, eleven miles. The Government of British Columbia

tion to purchase the common stock of a defuncting company, especially in view of the fact that the holders of such common stock gave no value therefor.

"This Government must necessarily now look to the Dominion Government to carry out the contractual obligations of the railway company.

Effect on Province.

"The province is sustaining great damage and loss from the failure of the railway company to construct its

various lines of railway, more especially that line of railway situated on Vancouver Island which is urgently required for the purpose of obtaining access to the timber required for shipbuilding, aeroplanes, and other industrial works. Further than this the credit of the province is very seriously impaired by having the contingent liability amounting to \$47,975,000 in connection with its guarantee of the bonds of this railway company. I think that in all fairness that the Dominion Gov-

ing deprived the province of its control of rates over these various lines of railway should relieve the province of its contingent liability in respect of these bonds, and should complete the contractual obligations of the railway company.

"I intend to place a copy of this memorial before the commission appointed to arbitrate on the value of the capital shares of the railway company and I must respectfully ask your most serious consideration to the matters herein set out.

R. C.'s Claims.

"The province claims for a restoration to the trust funds of the amounts of money improperly paid over to the railway company.

The province also claims for specific performance over the company's various undertakings.

"The province claims for a specific release in respect of its guarantee of the bonds of the railway company.

"I would very much appreciate an

early reply from your Government in respect of the matters herein set forth."

On Monday

CANADA'S Victory Loan campaign will open on Monday, November 12, in every city, town and village of this broad Dominion.

In every province there is a provincial headquarters. In every county and township there is a county or township headquarters. The whole country has been organized so that everybody will have an opportunity to help make Canada's Victory Loan a triumphant success.

Commencing on Monday, thousands of workers will begin a canvass that is designed to reach practically every man and woman in Canada.

When one of these canvassers calls upon you, remember that he is doing work of national importance. He is entitled to, and should receive, a cordial hearing. He is an accredited agent of the Victory Loan Committee to sell Victory Bonds.

And remember also, the two-fold purpose for which Victory Bonds are being offered—the maintenance of Canada's fighting forces and the establishment of the credit Great Britain requires so that she may continue to buy supplies in Canada.

And then, think of the value of Victory Bonds as an investment paying good interest and secured by the signed pledge of Canada, backed by all her boundless resources.

Our candies as far as possible are made the same day that they are offered to the public, so they may receive them in a fresh condition. Substitutes are injurious to health and indigestible. Wiper's candies being free from such they may be given to the youngest child with satisfaction. Gold Medal Kendal Mint Cake is the best candy to send overseas; it is easily packed, need not be sealed, as unlike other candies it won't spoil. This candy is good for the boys, keeps them warm whilst on duty and offers a protection against colds as well as being a delicious candy. Fourteen gold and silver medals and numerous diplomas were awarded Wiper's for purity and excellence of their manufacture. Wiper's, 1210 Douglas and 607 Yates St.

Consulting With Investigators.—Fire Chief Davis to-day met the representatives of the Canadian Underwriters' Association who, as stated yesterday, have arrived to make an investigation of the fire-lighting and waterworks equipment of Victoria.

Wool Fund Tag.—Subject to the approval of the ensuing Council, the City Council yesterday afternoon granted permission to the I. O. D. E. to hold a tag day on February 1, for a wool fund to make comforts for the United Services.

To Approve Address.—The Mayor and Heads of the Municipalities adjacent to the city will meet at the City Hall early Monday morning to approve the text of the address to be presented to His Excellency The Duke of Devonshire on his arrival here on November 20.

Denies Liability.—The Civic Streets Committee yesterday afternoon adopted a report from the City Engineer, upon a complaint of Mrs. E. Roy, of 2615 Forbes Street, as to the flooding of her property, to the effect that the city was not responsible, the water from adjoining property having collected in winter time, and spread to adjacent land.

Illuminated Fire Department Run.—The Fire Chief is obtaining data for the cost of the illuminated run during the Duke of Devonshire's visit. Yates Street, from Douglas to Vancouver, will be selected on account of its breadth and safety to traffic. This was the case on the last occasion of the last run of this kind, during the Grand Lodge of Odd Fellows' meeting, when it was a great success.

Transferred to C. A. M. C. Staff.—Corpl. James Berryman, who went away from Victoria as a private in a mechanical transport unit, before which he drove a trolley around the city, has been transferred to the staff of the C. A. M. C. at Shorncliffe. His wife and family live at 36 Menzies Street. Pte. Charles Berryman, a brother, who left with the 67th Battalion, was killed at the front last January.

Victorian Order of Nurses.—The regular monthly meeting of the local board was held on November 6 at 2.30 at 1814 Cook Street. Mrs. Robertson presiding. Eight members were present. The nurses report showed the total number of visits paid to be 315, nursing visits 285, child welfare 27, total cases nursed during the month 56. An appeal is made for sheets, pillow cases and towels which may be lent to patients during illness and returned to the nurses afterwards.

List of Streets.—The Civic Streets Committee yesterday afternoon was informed by City Engineer Rust that the following streets should be provided with macadam trails: Shelbourne, from Haultain to Kings; Kings, from Shelbourne to Richmond; Bay, from Vancouver to Quadra; Jackson, from Finlayson to Tolmie; Forbes, from Haultain to Ryan; Belmont, from Haultain to Richmond; Haultain, from Shelbourne to Richmond; Hereward, from the end of the plank to Pine; Denman, from Belmont to Richmond; Ida, from Pembroke to Denman; Hamley, from Walton to Arnold; Clara, from Oak Bay to Cowan; Cowichan, from Cowan to Quamichan; parts of Cowan, from Davis to Richmond; Richmond, from Cowan to Quamichan; Bank, from Cowan to Quamichan; Wilmer, from Cowan to Quamichan; Methosin, from Madison to Quamichan. The cost will be about \$7,000. No decision was arrived at.

Comptroller's Statement.—The City Comptroller's statement, submitted to the City Council yesterday afternoon, shows that only a fraction of the general taxes was paid before October 31, so that the city will have to collect the bulk of the annual taxes this month, in competition with the Victory Loan. Naturally the Council feels that the tax rate been struck later, the present condition would not have arisen, but the clerical work entailed justified the action taken this summer before the national situation was contemplated.

War Bonds for Red Cross.—As a result of the announcement that "Superfluties" had been presented with a Victory Loan bond, another generous donor has given bonds to the value of \$100 to the Red Cross. These will be raffled with the others under the following arrangement: Victory War Bond for \$100 to the winner of War prizes will each be \$50 war bonds. The tickets will be on sale on Monday at "Superfluties," Red Cross headquarters in the Temple Building and at Melrose & Co.'s Store on Fort Street.

BOILERMAKERS REJECT PROPOSED WAGE SCALE

Representative Will Protest Award at Forthcoming Meeting at Buffalo

San Francisco, Nov. 10.—Approximately 4,000 boilermakers employed in shipbuilding plants and foundries about the bay region have rejected the proposed wage scale and working agreement drafted by the United States Shipbuilding Labor Adjustment Board for iron workers on the Pacific Coast. The men also endorsed the decision of their representatives at the recent conference with the adjustment board in refusing to accept the proposed wage scale.

A representative of the men has been instructed to proceed east and to protest the board's findings at the meeting in Buffalo of the Metal Trades Department of the American Federation of Labor. The machinists and molders union also has instructed a representative to attend the convention in Buffalo as a delegate from the Iron Trades Council.

SEVENTY MILE GALE BLOWING IN NORTH

Vancouver, Nov. 10.—A 70-mile-an-hour hurricane was reported blowing along the coast in the vicinity of Dead Tree Point at 8 a. m. to-day. Strong gales are reported from several points, including Ika, where the weather has been exceptionally bad during the past week, and Triangle Island. There is a strong wind at Prince Rupert, Estevan Point and Cape Lazo. The wind is southeast. Wireless reports received at 8 a. m. do not indicate clear weather at any point along the coast, rain being general. Apparently none of the local coastwise boats have been forced to anchor, the reports showing that most of them are plying south of the storm this morning.

ROCHESTER ATTACKED BY THREE SUBMARINES

London, Nov. 10.—Fifty members of the crew of the American steamship Rochester have been landed at Irish ports. The captain was severely injured. The Rochester was attacked by three submarines.

GOVERNOR-GENERAL TO ATTEND LAUNCH

Duke of Devonshire Consents to Grace Ceremony Fixed for November 23

SCHOONER WILL TAKE TO WATER DURING FORENOON

His Excellency, the Governor-General, who is shortly due on the coast, has consented to attend the launching of the last of the auxiliary schooners now nearing completion at the Point Ellice shipyards of the Cameron Genoa Mills Shipbuilders, Ltd. It was announced to-day that the launching ceremony is scheduled to take place between 9 and 10 o'clock on the morning of November 23. The original date set for the ceremony was November 24, but in order to suit the convenience of the Governor-General it has been decided to put the vessel into the water a day earlier. The customary ceremonial will mark the launching of the schooner, but the sponsor has not yet been announced. The name of the vessel has been suggested, but this has yet to be approved by the owners.

At 10 o'clock on the morning of November 23 there will be an 8-ft. tide, one of the highest tides of the month, thus giving the schooner plenty of water in which to make her initial plunge.

Big Attendance Expected.
A large number of invitations will be issued to public officials and business men of the city and district, but the builders wish it to be understood that a general invitation is open to the public to be on hand at the launching.

During the next twelve days work on the schooner will be rushed. The planking has been completed up to the bulwarks, and the caulkers are working at top speed. The next few days will see the house-work on deck well advanced.

Last of Schooners.

The schooner, which will be launched on September 23, is the last of the twelve auxiliary vessels built on this coast to the order of the Canada West Coast Navigation Company. Six of the vessels were built at the Wallace Shipyard No. 2, at North Vancouver, and six at the Cameron-Genoa plant here. Former ships of this fleet launched here were the Margaret Haney, Laurel Whalen, Esquimalt, Malahat and Jean Steedman.

MEANS TRAVEL RUSH BY WAY OF VICTORIA

British Government Stops Direct Passenger Traffic Between Australia and Europe

Future passenger traffic between Australia and Europe via British Columbia will doubtless show marked impetus as the result of an order by the British Government that passenger traffic from Australia direct to European ports will be discontinued to permit all space being utilized for the transportation of grain by the regular vessels plying in the European service. This means that the North Pacific coast will get all the passenger traffic between Australia, New Zealand and Europe, and the liners running between Sydney, Auckland, Victoria and Vancouver, as well as those operating between Sydney and San Francisco, are expected to be taxed to capacity for some time to come.

The vessels in the Australia-New Zealand-British Columbia service are the Niagara and Makura, of the Union Steamship Company, of New Zealand, while plying in the San Francisco trade are the Tahiti, Moana and Paloma, of the Union Steamship Company, and the Sonoma, Ventura and Sierra, of the Oceanic Steamship Company.

It is probable that the Union Steamship Company will make an effort to obtain another vessel to relieve the congestion which the new order will bring about. Prior to the war three large passenger liners were regularly engaged in the service to British Columbia.

MAGNATES DETERMINED TO FIGHT NEW LEAGUE

New York, Nov. 10.—A fight to the last line of defence is to be made by the American Association and International League club owners who have been left out in plans looking for the organization of a new league.

The four magnates from each circuit who plan to cut away and form a new circuit will have their hands full when they attempt their coup at Louisville next week.

President Thomas J. Hickey, of the American Association, already has filed a protest with the National Commission club owners in that circuit, and has taken steps to carry the battle into the court if necessary.

J. A. Gammons, president of the Providence club, wired to the United Press to-day: "I am surprised to hear of the talk of dropping Providence from the International League. I will fight any such action to the limit."

Al Timme, president of the Milwaukee American Association club, said: "I have seen nothing in the proposed reorganization of A. A. clubs that looks good to me. I will accept nothing that will not better our club. If anything turns up and they attempt to turn us out in the cold I'll go to the courts and fight."

STEVEDORING FIRMS ACCEPT PROPOSALS TO ADJUST DISPUTES

Puget Sound Employers Agree to Plan for Settling Labor Troubles

Steamship and stevedoring companies of Seattle have forwarded a communication to Washington accepting the plan for the adjustment and control of wages, hours and conditions of labor in the loading and discharging of vessels, as proposed by the creation of a National Labor Adjustment Commission, with the exception that an appeal shall be taken to the commission only when it is impossible to settle the dispute locally.

The International Longshoremen's Association has accepted the plan for the adjustment of wages without modification, according to J. A. Madsen, Coast District President of the Association, and all demands relating to wages and conditions of labor will be made to the Adjustment Board direct.

The National Adjustment Commission which was formed late this summer in Washington, is composed of one member nominated by the United States Shipping Board, one member nominated by the Secretary of War, and one member nominated by the International Longshoremen's Association, and one member nominated by the Council of National Defence to represent the coastwise carriers and to act only in cases involving coastwise service, and one member of the committee on shipping of the Council of National Defence to represent carriers engaged in foreign trade and to act only in cases involving foreign service.

The agreement for the adjustment of wages, hours and conditions of labor was prepared to apply to the loading and discharging of vessels in all ports on the Atlantic and Pacific coasts. It stipulates that the union scale of wages, hours and conditions in force August 1, 1917, shall be adopted as the basic standard with reference to each port.

All differences which may arise in any particular port shall be adjusted by the local commission, which, according to the agreement, proposed shall be appointed to each port by the National Adjustment Commission. In case either party is dissatisfied with the decision of the local commission, it may appeal to the National Commission for a review, according to the agreement. In all cases work shall continue uninterruptedly pending the action of any local commission or the decision of the National Commission.

CROWD EXPECTED AT TO-NIGHT'S MEETING

Liberal-Unionist Organization is Growing in Favor Every Minute

All indications point to a record crowd for the Liberal-Unionist meeting in the large hall of the Belmont Block this evening. From every quarter of the city has come added proof that Joshua Kingham's stand subsequent to the action of official Liberalism on Wednesday last has met with popular favor.

The warning goes out to allay any suspicion that the meeting is not open. It is open in every sense of the term. The only qualification for admission and participation in the deliberations is the healthy desire to support the Union Government and see that fifty delegates are selected to go to the Convention on Wednesday next.

The proceedings will commence at eight o'clock and the selection of a chairman will be left to the meeting. Organization plans will be made and the new body assume official shape. The promoters ask for all interested to be at the Belmont House at eight o'clock.

The Victoria Liberal Association is holding a general meeting Monday night in the K. of P. Hall to decide whether or not to call a nominating convention.

MAGNATES DETERMINED TO FIGHT NEW LEAGUE

New York, Nov. 10.—A fight to the last line of defence is to be made by the American Association and International League club owners who have been left out in plans looking for the organization of a new league.

The four magnates from each circuit who plan to cut away and form a new circuit will have their hands full when they attempt their coup at Louisville next week.

President Thomas J. Hickey, of the American Association, already has filed a protest with the National Commission club owners in that circuit, and has taken steps to carry the battle into the court if necessary.

J. A. Gammons, president of the Providence club, wired to the United Press to-day: "I am surprised to hear of the talk of dropping Providence from the International League. I will fight any such action to the limit."

Al Timme, president of the Milwaukee American Association club, said: "I have seen nothing in the proposed reorganization of A. A. clubs that looks good to me. I will accept nothing that will not better our club. If anything turns up and they attempt to turn us out in the cold I'll go to the courts and fight."

DIES OF WOUNDS, AT 19

Pte. Arnold Dean, of Saanichton, Succumbs to Injuries in France.

J. W. and Mrs. Walker, of Saanichton, have received news that their grandson, Pte. Arnold Dean, who, before the war, also lived at Saanichton, and went from Victoria with the 103rd (Timber Wolves) Battalion, has died of wounds, at the early age of 19, at the No. 2 Australian Casualty Clearing Station, France, to which he had been admitted suffering from gun shot.

PTE. ARNOLD DEAN

wounds received in the left shoulder, chest and head, while fighting with the 2nd C. M. R.'s. His death took place on October 23.

Pte. Dean enlisted in January, 1916; went to England in the summer of the same year; was for some months at Bramshott, and then, going to Seaforth, was transferred into the 2nd C. M. R.'s, being sent to France in the following December, and taking part in the Vimy Ridge battle last April. He was a great favorite with his comrades. His uncle, Stanley Anderson, was admitted to No. 64 Clearing Station, with gunshot wounds in the chest, sustained on October 24.

HELD FOR INSPECTION

Steamer Admiral Watson "Several Hours Late in Sailing for" "Frisco."

Held for inspection, it being her first visit to this port, the steamship Admiral Watson, of the Pacific Steamship Company's fleet, was several hours late in leaving the outer docks on her south-bound voyage to San Francisco and Wilmington.

She was due to sail last night, but it was not until after sunrise this morning that she got away for the south. The steamer carried a full passenger list.

STRAWBERRIES AT MARKET ARE FINER THAN CALIFORNIAN

So Said Visitor This Morning; Christmas Coods and Flow-ers in Demand

"What! Strawberries grown out of doors and picked on November 10! Why, they are finer than we get in California!" was the amazed comment of a California visitor, to the public market this morning on seeing a display of fine berries of the "Magoon" variety grown at Gordon Head. Flavor and size spoke volumes for the mildness of the climate of Victoria, which permits of the gathering of such fruit at a time when other places at no great distance are experiencing winter weather.

Masses of chrysanthemum blooms of every shade of yellow, pink and copper made of the market a veritable bower of beauty this morning. Plants, including ferns, begonias and cyclamens, were in great profusion, and were quickly purchased by eager buyers.

Christmas Goods.
A noteworthy feature of the markets is the evidence that the stall-holders are alive to the needs of the day. This is manifest by the quantities of home-made Christmas puddings, candies and cakes which are on sale, readily packed in sealed, airtight tin boxes, and only awaiting the address of some fortunate recipient in the trenches.

Numbers of children gathered round the box containing the two white spitz puppies, of whom "Muggins," the famous canine collector for the Red Cross, is the father.

Particularly tempting were the dressed chickens, home-made jams, jellies and fruits, and the popularity of these products of Victoria farms was evidenced by the dispatch with which they were sold and transferred to the roomy shopping bags which are so much in evidence on Victoria's market days.

WORDY CONTEST AT VANCOUVER MEETING

Between Martin and Wade; McInnes Nominated in Vancouver Centre

Vancouver, Nov. 10.—W. W. B. McInnes, former county judge, last night received the nomination at the hands of the straight Liberals to contest the Dominion seat of Vancouver Centre. He also is contesting the Comox-Alberni riding against H. B. Clements. The meeting last night was featured by a wordy encounter between Joseph Martin, K.C., and F. C. Wade, K.C., which for a time appeared would get by the oratorical stage and enter that of fistfights.

Those placed in nomination were F. C. Wade, K.C.; Alexander Henderson, K.C.; George E. Macdonald, A. B. Clabon, Reeve Hugh Fraser, of Burnaby; Gordon Grant and E. S. Knowlton. All these were present with the exception of Mr. Fraser, whose movers withdrew his name. Messrs. Clabon, Grant and Knowlton did not think it advisable one man should run in two constituencies, offering as their opinion that it would be taken and "played up" by the Unionists as a sign of weakness in one seat or the other.

After the above seven candidates had been placed in nomination in addition to Mr. McInnes, a fifteen-minute recess was taken and the matter was discussed in groups by the nominees and their supporters. At the conclusion of the period Mr. McInnes was tendered the unanimous nomination and was sent for. By this time it was so late he had gone to bed, but he got up and arrived at 11:30, whereupon he was given a tremendous ovation and made a short address.

About To Leave.
Early in the convention—in fact immediately upon Mr. Wade's name being placed in nomination—Joseph Martin, K.C., told the meeting that when a resolution had been passed that all who were not willing to support the candidate selected should withdraw, he did not know the name of Mr. Wade was coming up. But since it had been decided to withdraw from the meeting.

Calls came from different parts of the hall for Mr. Martin to remain and sit down. He insisted he must leave. Mr. Wade then arose and declared he must congratulate Mr. Martin on his splendid vindictiveness; for Mr. Martin had stated at a meeting that he had had a "knife out" for Wade for 20 years, and "Wade had one out for him." Mr. Wade said he had no knife out for Mr. Martin.

Mr. Martin, meanwhile, was going toward the rear of the room, declaring he would not remain. In the course of the cries which came from many parts of the hall for him to "keep his shirt on," as one stentorian voice shouted, Mr. Martin declared he would not remain.

Mr. Wade demanded that Mr. Martin make any charges he had to make, and that it was a piece of cowardice on Mr. Martin's part if he refused to lay his charges. It was a "piece of cowardice" for Mr. Martin to say he had something against his character, and then leave the room.

Patience Advised.
"Keep your patience, Mr. Martin, till the conclusion of the meeting," shouted James Wilkes.

Mr. Wade: I do not want Martin to support me, but he has undertaken to

MATTER SETTLED.

Boston, Nov. 10.—Sir Thomas Lipton, who has expressed a desire to purchase the schooner yacht America, called the owners that being advised that it was their intention to preserve the historic craft, he had no further interest in the matter. The message was a reply to one sent by the owners asking why Sir Thomas wanted to buy the vessel.

SPECIAL MEETING CLEARS SITUATION

Football Delegates Admit V. I. A. A. to League; Rovers Resignation Accepted

PRIVILEGE OF FIRST GAME IS GRANTED TO NEW CLUB

The course of senior league soccer was changed last evening when at a late hour the president, P. C. Payne, called a special meeting of the Victoria and District Football Association delegates to deal with the situation arising out of the federated resignation of the Rovers. As a result of the gathering the resignation was accepted; the application of the V. I. A. A. to enter a team in place of the Rovers granted, and the privilege extended to the new club which was granted to the other teams—that for the first game players be eligible for play so long as their names are submitted to the referee in proper form at half-time.

Secretary Ivan Day in reading the resignation of the Rovers pointed out that the club had taken action because they found it impossible to field a team. Several of the team were going away, and to resign from the league was the only course left open. It was the wish of the club that the remaining players should amalgamate with the V. I. A. A., that they might continue to participate in league soccer.

No Points Allowed.

Speaking on the subject of the V. I. A. A.'s application for admittance to the league, the president stated that the reason the written form had not been received at the former meeting was due to the fact that it had been misdirected in the mails.

Sergeant-Major Jones, of the C. A. M. C., did not think that if the application was granted that the new club be given the benefit of the points won or lost by the Rovers.

The secretary pointed out that there was no choice in the matter. The constitution was clear on the point that V. I. A. A. would have to play those games which had already been contested by the Rovers.

Prepared to Play.

W. H. Davies, representing the V. I. A. A., declared that the matter of points did not concern his club. They were prepared to play the games again. What the organization wanted was soccer. They desired entry to the league in order that they might be in a position to give regular contests to their members. Including in friendly games was not a suitable substitute. He further pointed out that he was quite sure that the V. I. A. A. could hold a second team that would make possible the commencement of an intermediate division—the Commercial, Garrison and Crusaders having already entered.

It was then unanimously carried that the application for entry of the V. I. A. A. be accepted and that the team be instructed that the matches contested by the Rovers must be replayed.

The meeting then turned its attention to deciding whether the new club could play to-day without violating the constitution. The discussion on this point was lengthy, but the delegates finally came to the conclusion that the same privilege should be granted the new club in its first game as that which had been extended to the other teams. This would permit the game to be played provided the list of players was submitted to the referee at half-time. If this same privilege were not granted it would mean that the club could not play until its players had been registered seven days prior to a match. That no further delay might be occasioned the meeting decided that the same privilege be extended to the new club.

The secretary drew the attention of the delegates to the fact that so far as the league was concerned the Rovers Club was dead, and its players were open to be signed by any club desiring their services.

COMPLETE RECORDS OF MAJOR LEAGUES ARE INTERESTING

Sixteen Clubs' Activities Show Significant Features of the Season

New York, Nov. 10.—The records of the sixteen major league clubs during the past baseball season present some unusual and interesting features. While these statistics are not based upon the official league averages, they conform closely to the authentic percentages and for the purposes of comparison are thoroughly reliable being compiled, in many cases from the official box scores.

The records show that the Chicago American League Club, winner of the World Championship Series, led the junior organization in both the number of games won and the total number of runs scored. In no other department did the White Sox hold the premier position, although the average of the team was very high. Boston played the greatest number of games during the season due to five tie contests. Detroit, which finished fourth, led in hitting while the Boston Red Sox held the opposing teams to the lowest number of runs.

The figures also give a clear insight into the loose-play of the Philadelphia Athletics, who finished in last place. The Mackmen scored next to the largest total of runs being but thirty-three behind the Chicago Club in this respect, and but twenty-three hits short of the Detroit record which enabled the Tigers to win first place in this department of the game. As an offset to this excellent offense, however, the Athletics showed the poorest defensive play of any club in the American League. The Philadelphia team made the largest number of errors; had the greatest number of runners left on the bases and their opponents scored more runs against the team than against any other club on the circuit.

In the National League, the New York Giants, winners of the pennant and losers of the World Series, played the most games, completing their full schedule of 154 games with four tie contests, bringing the total up to 158. As was the case with the Chicago White Sox, the pennant winning combination in the senior organization also scored the most runs, the Giants' record in this respect being 636. Cincinnati, however, piled up the largest total of hits while the Chicago Nationals perpetrated the greatest number of errors. The Boston Braves had the most runners stranded on the bases during the season of 1917 and Cincinnati proved the easiest to score runs against, as the other seven clubs collected a total of 611 runs from the Reds in the 157 games played.

The Brooklyn Club, winner of the 1916 pennant, aside from its feat in playing the largest number of tie games, failed to show the form of a year ago. The Superbas made less runs than any team in the league with the exception of Pittsburgh; was third in total hits; made the third largest number of errors and was about at the halfway mark in men left on the bases and in runs scored by opponents.

The complete records of the sixteen clubs, showing the work of the various teams in the two major leagues, follow:

MEDICALS GATHERED FROM FAR AND NEAR

Senior League Team Represents Talent From All Parts of Globe

HAVE PLAYED IN BRITAIN, FRANCE, AND GERMANY

The soccer team of the Canadian Army Medical Corps, one of the competitors for the honors of football in the Victoria Senior League, is a unique aggregation. When Corporal Harwood gathered together his players, he drew them from the four corners of the earth. The Army furnished that contact which enabled them to form an organization known in sporting circles as a football club.

In times of peace the line-up of a soccer team attracts but little attention. In its local surroundings the players are all known by the great majority of the game's followers. They grow up in the play, and no one is at all surprised to find them figuring in weekly or fortnightly contests. But with an army team the matter assumes a far different aspect. The recruiting office attracts to its doors not only the local, but all groups of manhood, and it is thus that the army soccer team draws its men from every portion of the globe. In this respect the team of the C. A. M. C. is no exception to the rule.

Corpl. E. J. Harwood, its captain, has of course been a prominent figure in local sporting events for some years in Victoria. During his sojourn here he has by no means confined his efforts to the soccer field, but has participated in tournaments, track and field meets and other athletic programmes. Before coming to Canada he played in Devon on the Newton Town football eleven.

A. C. Olson, who frequently plays goal for the Medicals, has extended his soccer activities from the cities of France and Holland as far as the Pacific Coast. He played forward, half-back, and full-back at different times during four years, which he spent at Libre College at Chezal-Benoit, in France, and he officiated as custodian for three years at Tevenal College in the city by that name of the Dutch kingdom.

James D. Thomson, who has played inside-right for the team was a mem-

ber of the Warrender Club, of Edinburgh, for four seasons.

Robert Watson played for the Perry-hill team of the County of Durham for four years. In the line-up of that club he occupied a similar position to that which he has played for the local team, namely inside-right.

Passing for a moment from the northern climes of Scotland and England to follow the fortunes of Pte. Par-rington, it will be found that with the 3rd King's Own Hussars he figured in squadrons game in India during the seasons of 1903-04-05. Prior to that he had been a member of a second team in England.

James Duncan was a member of the Euchar League, Aberdeen, Scotland, for three winters, and was on the team that won the cup presented by Aberdeen's member of Parliament, Mr. Murray.

R. Bromley was with the Lincolnshire League for three years, but coming to America did not lessen his ardor for the game, and he was next to be seen with one of the leading teams at Salt Lake City, an aggregation on which he played for five seasons. Subsequent to that he joined himself to the Barbarians, of San Francisco, as full-back.

Pte. Stephens was a member of the first eleven of the Modern School of Jersey, Channel Islands. He was also a player for the Collegiate Institute at Moose Jaw, and later for the Y. M. C. A. in the same city. The team was the winner of Kern Cup during the season that Pte. Stephens played for the club.

Corpl. Bentley played for the Yorkshire Coley team, while Pte. Allen was well-known on Ottawa and Vancouver hockey and lacrosse teams. Pte. Swan was a member of school teams in Scotland and Pte. Mackie was prominent on the second team of Aberdeen University. Corpl. Poulton

played for Wisbeech College and for the Christ Church, Hampshire eleven. Pte. Draper figured with the Shrewsbury team in the Ormskirk Reliance League.

In Pte. Wilson the Medicals have a member who having played one class of game in Germany is now determined to show the Hun that he is capable for a sterner sport. Some years ago Pte. Wilson played half-back for the Dresden Football Club which captured the championship of Middle Germany. Pte. Smith has played in both Scotland and America. Ptes. Gorley and Griffen are two new members of the team whose debut into the local league is being made this afternoon.

BASKETBALLERS BUSY.

A. T. G. Smillie has resigned from the position of secretary of the Sunday School Athletic Association, owing to the necessity of his leaving the city on business. W. J. Smillie will fill the office for the time being. A meeting to receive final entries will be held in the Y. M. C. A. early next week, and it is hoped that play will commence the following week.

NAPOLEON IN EGYPT

When the great French Soldier was in Egypt, he did not realize the wonderful size of the pyramids, until he pitched his camp alongside.

He Could Then Judge By Comparison.

The smoker does not fully realize what VALUE in cigars is, until he tries

"DAVIS' NOBLEMEN"

He Can Then Judge By Comparison,

and the difference between "NOBLEMEN" and other 2-for-a-quarter cigars will be almost as striking as between the tent and the pyramid.

BESIDES the finest tobaccos grown, the "NOBLEMEN" Cigar has behind it the experience of over 70 years, which DAVIS' have had in the art of blending choice tobaccos.

Just a word about the way we
conduct funerals. To every call
we respond promptly and take
immediate charge of the body. We
do all the things we know are
necessary without bothering the
family. We consult its repre-

LAW MUST BE OBEYED
This is What the Allies Are Fighting
for and Each Allied Coun-
try Will Enforce the Law.

Montreal, Nov. 10.—The fight the Al-
lies are making against Germany is a
fight to enforce the law. They believe
that laws are passed to be enforced
and they are willing to lose hundreds
of thousands of men in forcing respect
for the law upon Germany.

The spirit of the Allies is a spirit in-
tolerant of lawlessness, which will use
the whole national power if need be
to enforce respect for the law. What
keeps the Allies fighting and binds
them together is a common determi-
nation that the time will come sooner
or later, when Germany will respect
international law, which now she dis-
regards at will.

It goes without saying that each Al-
lied country will enforce at home re-
spect for the laws it passes and will
punish severely all those who break
such laws. Canada's attitude will be
shown, if need be, in the enforcement
of respect for the Military Service Act.

BOURASSA FORSAKES

SIR WILFRID LAURIER

Writing Second Article, He Sees Less for Nationalists to Uphold

Montreal, Nov. 10.—In Le Devoir, Henri Bourassa published his second article last night on Sir Wilfrid Laurier's manifesto. As for the Liberal leader's war programme, he finds little difference between it and that of Sir Robert Borden. It is a "war to the finish in both cases."

"While the country remains devoted to its programme of the maximum war effort," he says, "it will be necessary to impose new taxes, the agricultural production will decrease, the cost of living will rise, war profits will accumulate and the country will be hampered. War to the end is impossible; it would bankrupt us; it would be national suicide. But it is what Laurier wishes as well as Borden. He glorifies in it, in the name of civilization. The only point of difference is on conscription, and in this let us not exaggerate the guarantees which Laurier offers."

possible; it would bankrupt us; it would be national suicide. But it is what Laurier wishes as well as Borden. He glorifies in it, in the name of civilization. The only point of difference is on conscription, and in this let us not exaggerate the guarantees which Laurier offers."

ARGENTINA'S FRIENDSHIP FOR THE BRAZILIANS

Rio de Janeiro, Nov. 10.—The Argentine Minister called on Dr. Nilo Pecanha, Brazilian Foreign Minister, to-day, and informed him of the intention of the Argentine Government to send a cruiser to Rio de Janeiro next week as a mark of friendship toward Brazil.

AUSTRIANS CONTINUE TO DESIRE PEACE

Amsterdam, Nov. 10.—In discussing the visit to Berlin of Count Czernin, the Austro-Hungarian Foreign Minister, the Premsenblatt, of Vienna, in a leading article apparently inspired, points out that the programme of the Austro-Hungarian Empire remains unchanged and is directed toward a speedy and honorable peace.

BRITISH NAVY SEEKS BATTLE AN ANSWER TO GERMAN TALK

London, Nov. 10.—The Admiralty, replying to the German Secretary of the Navy's criticism of the recent speech in the House of Commons by Sir Eric Geddes, says:

"The world knows from the Cattagat events that the Royal Navy is waiting for the High Seas Fleet, which still continues to decline battle. No German warship larger than a destroyer has shown itself 150 miles west of Heligoland from August, 1916, to September, 1917, when two light cruisers attacked a Scandinavian convoy."

The following comment on the German Secretary of the Navy's criticism was given to the Associated Press by the Admiralty:

"It is quite untrue that Sir Eric Geddes excluded the Mediterranean Sea when he summarized the losses of British mercantile tonnage. The losses given were those that occurred in all seas, and it was only in dealing with the number of enemy submarines that had been destroyed that the First Lord of the Admiralty omitted the Mediterranean, owing to the variety of nationalities operating there."

"The suggestion that Sir Eric gave the British losses in net tonnage, whereas the German calculations are in gross, is entirely false. Sir Eric's figures dealt with gross tonnage throughout."

"It is suspected by the enemy that his statement of losses of the British tonnage leaves out of the account ships sailing on Government service. The only tonnage excluded is that of commissioned ships of the Royal Navy."

4,500 Vessels.

"In regard to the Scandinavian convoy, Sir Eric Geddes made it perfectly clear in his statement that since April of this year more than 4,500 vessels have been conveyed over this route. These figures, of course, do not include the escorting vessels, or what the German Imperial Secretary calls the 'entire guarding fleet of patrols.'"

"The figures that Sir Eric Geddes gave are irrefutable and are so satisfactory that it is natural Germany has resorted to sophistry to attempt to disprove or question them. The world knows from recent events in the Cattagat that the Royal Navy is waiting for the High Seas Fleet, which still continues to decline battle. The German navy is certainly a young creation, and the traditions which it is in the process of forming reflect no great credit on the chivalry of German seamen."

Not Roaming.

"It is only to be added that no German warship larger than a destroyer has shown itself to us 150 miles west of Heligoland from August, 1916, to last September, when two light cruisers attacked a Scandinavian convoy."

"For contra, the mileage steamed by British war vessels per month, as given, speaks loud enough to those desirous of hearing."

The German Admiralty's statement referred to was an effort to reply to

A GREAT BATTLE IN ITALY IS IMMINENT

Armies Face Each Other for Forty-Five Miles Along Piave

London, Nov. 10.—Along a 45-mile stretch of the Piave River, in North-eastern Italy, the armies of the Austro-German invaders and the Italian defenders are lined up on opposite sides of the stream.

But although the Piave line on the lower course of the river thus has been successfully reached by the Italian forces in their retirement, they are being subjected to a newly-developed menace on their left flank. The Tenth command finally has sprung its expected drive on the western edge of the Trentino. Pressing south in the Sugana Valley, Austro-German troops have forced their way as far as Asiago, Berlin claims, and after desperate street fighting have captured that place.

Rome indicates successful Italian resistance to thrusts in the Tesino Basin and Broccon Pass. The German announcement, however, may indicate the subsequent pushing back of the line in this sector, which is in the northern Sugana Valley region.

The attack in the Asiago district must be held by the Italians if their Piave line is not to be turned, and the whole of North-eastern Italy fall into the hands of the invaders.

In their offensive of 1916 the Austrians pushed down into the Asiago hills, but ultimately were checked and afterward driven back near the border.

It is approximately eleven miles from Asiago to the Italian plains, the Austro-German objective, and the hilly country is admirably adapted to defence.

Further west, in the Trentino, an Austro-German attack was launched in the Ledro Valley, but was quickly repulsed.

Cadorna's Change.

General Alfrid, the Minister of War, in announcing to General Cadorna his appointment to the Inter-Allied Military Committee, said that he understood how sorry General Cadorna would be to have to leave the army he had so often led to victory. General Cadorna's sorrow, the Minister added, would be shared by the army and country, as Cadorna's name stood for intelligence, courage, firmness and energy. However, the Government had felt bound to ask General Cadorna to make this sacrifice so that he might contribute in a larger field to the common task of Italy and the Allies.

General Alfrid also sent a telegram of congratulation to General Diaz, the new Commander-in-Chief, expressing, in the name of Italy, confidence in him.

ALONG PART OF LINE BRITISH TROOPS WENT BEYOND OBJECTIVES

British Front in Belgium, Nov. 10.—British troops in their attack in the Passchendaele region on the Flanders front to-day reached an extreme depth of 800 yards on a 2,600-yard front. They not only attained their objectives, but some British troops have even gone beyond them to the north along the Passchendaele ridge.

NEW YORK STOCKS HELD GAINS TO-DAY

Street Taking More Optimistic View of European Situation

(By Burdick Bros. & Brett, Ltd.)

New York, Nov. 10.—The stock market here opened higher, with activity centring in Marine preferred, U. S. Steel and Bethlehem Steel. Some of the more active rails advanced fractionally. General Motors was still weak, but Studebaker advanced several points on the statement of its president that the earnings for this year would be about \$12 a share on the common. The list underwent a reaction during the first hour, but rallied easily and by noon had recovered the declines, with advances in a number of issues. There was little actual news during the session, but much discussion of the Russian and Italian situations. So far as the street reached any conclusions, it holds that the evils of events in Russia have been more or less exaggerated, that Great Britain, France and the United States will shortly take measures to "brace up" the Russian people against the Central Powers and that a separate peace can be prevented. If Italy should be forced to give up Venice and surrounding territory the effect on the market should be only temporary and certainly less emphatic than the break caused by deposition of Kerensky.

SHARP ADVANCE IN CORN AT CHICAGO

(By Burdick Bros. & Brett, Ltd.)

Chicago, Nov. 10.—The decline in the late trading of yesterday was recovered in the opening prices to-day. Local and export buying came increasingly throughout the session and left the short interest worried. Thomson and McKinnon estimate that there are 2,400,000 bushels of merchantable corn. Most of stocks of oats here are understood to have been sold for shipment, and there was more evidence of export business. Washington has been asked to have the railroads give preference in shipments over all grain from country terminals.

RUSH ON LAST DAY IN VANCOUVER CITY

Vancouver, Nov. 10.—In the last day's rush over 200 registrations under the Military Service Act had been made at the post office here this morning before noon, five out of six of which were claims for exemption.

The number of claims for exemption on the mainland is now 7,766, and the reports for service are 2,506.

Winnipeg, Nov. 10.—The figures of the registrar under the Military Service Act up to noon to-day indicated that fewer than one-half of the Class One men in Manitoba have registered. According to the returns 20,000 have reported to the different post offices. Of this number 18,385 have claimed exemption, while 2,325 reported for service. This morning, however, there was reported to be a steady pressure on all of the post offices and it is assumed that the total will be greatly increased by to-day's returns.

REVOLUTIONISTS IN CONTROL AT MOSCOW

Washington, Nov. 10.—A cablegram from the American Consul-General at Moscow, transmitted through the American Embassy at Petrograd, dated November 8, says:

"The revolutionary party, headed by the Council of Workmen and Soldiers' Delegates, has taken over the government of Moscow, including the posts and telegraphs, and has closed all the Conservative papers."

TO-DAY'S TRADING ON THE WINNIPEG MARKET

(By Burdick Bros. & Brett, Ltd.)

Winnipeg, Nov. 10.—The cash wheat situation here was unchanged to-day. The Wheat Export Company took all offerings at the fixed price. Cash oats were in good demand with higher prices. Eastern buyers were looking for all grades from No. 2 C. W. down. The cash barley situation was dull, there being an indifferent demand and light offerings. Prices were unchanged. Cash flax was in good demand with prices slightly higher. Oats closed 11 higher for November, 12 higher for December and 11 higher for May. Barley was unchanged. Flax closed 21 higher for November, 12 lower for December and 11 higher for May.

MONTREAL STOCKS

(By Burdick Bros. & Brett, Ltd.)

Montreal, Nov. 10.—The local market to-day was almost forsaken. Sales were made in only a few stocks and prices were not materially changed. Dominion Iron and Steel of Canada closed fractionally higher and the balance at yesterday's prices. Most of the inactive issues were quoted "asked" at their minimum prices.

War Loan bonds were very quiet.

GREATEST PARADE VICTORIA HAS SEEN

Lieut.-Governor, Premier and
Military Officers Will Be
in Procession

EVERY ORGANIZATION
IS TO BE REPRESENTED

Big Victory Loan Drive to Be
Ushered in With Blasts
From Whistles

The greatest parade that Victoria has ever seen will be in motion when at 10.55 o'clock on Monday morning the whistles of every industrial plant of the city and every ship in the harbor blasts forth the tidings that Canada's Victory Loan Drive has commenced.

The co-operation that the committee has received from organizations of the city insures the success of the spectacle.

L. D. MacLean and J. O. Dunford were hard at work this morning clearing up final details, and they are of the opinion that there will be smooth sailing on Monday. If there are any late alterations which become necessary announcement of these will be made to-morrow morning.

Governor and Premier.

Mr. MacLean told The Times this afternoon that not one official or organization which had been approached had failed to respond to the appeal to join in forming the great procession.

His Honor the Lieutenant-Governor this morning gave his consent to be present and in the order of march he will be followed by the Premier and Ministers. Militia and civilian organizations, bands, motorists, pedestrians, Chinese and Hindu delegations, Boy

Scouts and school children; all will be represented in the great line that will wind its way through the city from Pandora Avenue to the Parliament Building grounds. The number of units that have promised their presence and support for the occasion gives a guarantee that the procession will be at least one and three-quarters miles in length, was the opinion of Mr. MacLean.

Order of March.

Pandora Avenue has been chosen as the marching ground for all forces. The committee makes a special appeal to every person taking part to be in position at the starting place at 10.45 sharp, so that when the whistles sound at 10.55 the whole parade may be in motion. Subject to changes the procession will pass through the city in the following order:

Section 1—Mounted officer police escort, Fifth Regiment Band, 2nd Depot Battalion, B. C. Regiment, C. E. F., Major Major, O. C. C. A. M. C., No. 11 C. E. F.; G. W. V. Association.

Section 2—Cadet Band, Lieut.-Governor, Premier and Ministers, Mayor, Reeves and Councils, Boy Scouts.

Section 3—Pipers' Band, Woman's Auxiliary of the G. W. V. Association, Red Cross Societies, Blue Cross Societies.

Section 4—Chinese delegation (decorated cars), Hindu delegation.

Section 5—City Schools.

Section 6—Salvation Army Band, Rotary Club, Victory Bond Salesmen, Elks Club, Knights of Columbus, other societies.

Section 7—Automobile Association, General Public.

The committee desires the public to take special note of the positions that each section will occupy. They will

according to sections. Section No. 1 on Pandora from Blanshard to Vancouver; section 2, on Pandora from Vancouver to Cook; section 3, on Vancouver from Pandora to Yates facing north; section 4, on Vancouver, north of Pandora, facing south; section 5, on Pandora, north side of the Tabernacle facing Cook; section 6, on Pandora, south side of Tabernacle, facing Cook; section 7, on Cook from Pandora south, facing north.

Commanders Appointed.

Every detail with regard to organization has been completed by the com-

mittee to insure that there will be no confusion. A commander of each section of the parade will be appointed and each sub-section will also be in charge of a sub-commander. These will be given full instructions as to their duties so that the public will have nothing to do but follow instructions, and be punctual to the stated time of 10.45.

At 10.55 as the whistles sound the bands will play and the procession will move forward down Pandora to Government, up Government to View, along View to Douglas, thence to Yates and along Yates to Blanshard. The course will then continue along Blanshard to Port and down Port to Government. It will then proceed directly to the Parliament Buildings.

Marchal to Direct.

Arrived at the grounds the marchal of the parade and his officers will direct the various sections to the respective positions. Mayor Todd will preside on the steps of the buildings and Premier Brewster will deliver the address of the day. J. B. Warricker will give a brief expostional address on the opening of the drive.

As seen by the order of the procession practically every organization of the city will be represented. The committee in view of the importance of the occasion requests that a special effort be made by all Victorians whether riding in motors or walking in the procession to provide themselves with flags or banners. They further state that no difficulty will be occasioned in assembling at Pandora Avenue as huge placards will denote the positions of each section.

Merchants to Close.

President McGregor, of the Automobile Association has issued a special appeal to the members to be present in the line. Mayor Todd has published an announcement requesting the business houses of the city to close from 10.30 a. m. until noon. The Retail Merchants' Association issued an announcement this morning endorsing the stand taken by the Mayor and expressed the wish that all houses would comply with the request.

Women's Auxiliary.

All members of the Women's Auxiliary of the Great War Veterans' Association who are desirous of taking part in the parade are requested to be at the Tabernacle, Pandora Street, at 10.30. Mrs. Palmer, president, hopes for a good attendance.

In addition to the musical organizations already mentioned it is expected that the Collegiate and University School bands will also be in attendance.

EFFECTIVE DISPLAY

AT SPENCER'S STORE

Striking Tableau in View Street

Windows Urges Purchase of Victory Bonds

Of the many forms of advertisement in connection with the Victory Loan movement, one of the most striking and effective is that displayed by David Spencer, Ltd., in their central window on View Street.

Occupying the place of honor in the foreground is Mrs. Duce's famous dog "Peter," who adds his appeal for the war loan, to the many he has made on behalf of the Red Cross. Seated on a dais covered with the Union Jack "Peter" displays the message, "Your dollars will help us hold what we have."

Grouped near "Peter" on one side are a nurse in Red Cross garb, and a small boy holding a khaki uniform in his hand, signifying that though so young he has heard the call "To Arms," which is being sounded by a khaki-clad bugler who stands at attention before a field tent.

Against a background formed by two huge Union Jacks is a painting depicting a father and mother gazing at a vision of their son who is on duty at the front; the title, "Your Obligation," reminding all who see it that it is incumbent upon those who remain at home to do everything possible to ensure the early return of the men at the front.

Flags of the Allies, rifles, spent bullets and shells of large calibre guns are used in the effective tableau, which is arranged upon a carpet of real turf, imparting a realism to the scene. Messrs. Spencer's are to be congratulated upon their efforts to assist in so patriotic a movement.

Twenty-Seven Returned. — Soldiers who returned this afternoon were: Regimental Sergeants' Discoll, Jones and Saunders; Sergeants Colton and Thompson; Corp. Eden; Privates Walcott, Leach, Dinsdale, Brown, Roach, Corttenger, Nixon, Jacobs, Mason, Cave, Leechman, Beghin, Wokey, Turner, Jellow, Brice, Wilson, Aston, Quinn, Gray and McBain.

FIVE YEARS IN JAIL FACES ALL SHIRKERS

Unregistered Class I. Men Military "Deserters" After 10 o'Clock To-night

NO LAST HOUR RUSH
SEEN THIS MORNING

"Any man who has not registered at 10 o'clock to-night," said A. C. Burdick, Registrar for Victoria under the Military Service Act, this morning, "has lost his chance for exemption and can be put in uniform straight away." There had not, he added, been any rush to register before the tribunals this morning, and he believed that the men must be going direct to the post office, which, of course, is the proper course. But up to midday this did not prove to be the fact.

The every man in Class I, under the Military Service Act, who fails either to apply for exemption or report for service before midnight to-day is liable to arrest, and, on conviction, to a term of five years in prison, is emphatically pointed out in a communication from the authorities at Ottawa, which goes on to say:

"By provisions of a special order-in-council made public by the Military Board to-night, authority is given for the arrest without warrant of all absentees, and such defaulters must have a reasonable excuse for default or will be held pending communication with the Minister of Justice as to the disposal of their case."

Surrender of Defaulters.

"The order-in-council provides that men who surrender themselves voluntarily as defaulters under the Act into civil or military custody shall not be prosecuted. They may even make claim for exemption, but their claims will have to be made through the officer commanding the military district to which they belong."

Those who voluntarily come forward and register, whether for service or claiming exemption, have their leave—as, to all intents and purposes, actual soldiers—extended to December 10, which is the date of the calling out of the first draft. Those who do not do so can, and will, be treated as soldiers absent without leave, all men who fail to register, and have not been sentenced to imprisonment, being then delivered by the civil police into military custody.

Naturalized Japanese and also native-born Indians come under the provisions of the Act as regards registration. About one-half of the Japanese reporting at the Post Office have signified their willingness to serve. There are, as is well known, considerable native-born Indians serving with different Canadian battalions, and further enlistments from this source are not likely to be of any large extent. Unnaturalized Russians, resident in Canada, cannot be accepted without procuring birth certificates, and other papers, from the Russian Consul at Montreal.

"Stated Cases" on Monday.

Mr. Burdick also stated that the Boards at the Central Building still continued to be occupied with investigations of claims by correspondence, and were ready to make a start on the "stated cases" which will commence to be brought before them on Monday morning. Special machinery was also in readiness to deal with the case of defaulters. The exemption applications made by large employers of labor in the city have been small, the Victoria Machinery Depot and the Canadian Explosives, Ltd., not having sought exemption for any of their men.

No Post Office Rush.

There was no stream of applicants, either for service or for exemption, at the Post Office this morning. Apparently they have not awakened to the fact that there are severe penalties for those who do not comply with the Act. Postmaster Bishop had the idea that there might be a rush after mid-day. The Post Office will remain open for registration purposes up to 10 o'clock to-night.

At 1 o'clock the men who had this morning offered for service amounted to 5, and those who had filled up exemption forms to 32, which, then, brought the total numbers up to 178 and 1,450, respectively.

At 2.30 this afternoon these numbers had been increased by 9 additional men volunteering for service, and by 48 asking for exemption.

SEVERELY WOUNDED

Son of Ex-Minister of Lands, Cables, However, That Injuries Not Serious.

W. R. Ross, Minister of Lands in the McBride Government, has received a telegram from Ottawa stating that his second son, Lieut. Herbert Macdonald Ross, was in the Second Stationary Hospital, Abbeyville, France, suffering from severe gunshot wounds. A later message which Mr. Ross has received, comes direct from his son, and this states that his wounds are not serious.

This is the second occasion on which Lieut. H. M. Ross has been wounded, the former being exactly a year ago, when he was sent to England, from which he returned to the front two months ago.

HEALTHIEST ONE IN THE FAMILY

No Sign of Dropsy and Kidney Trouble Since Taking "Fruit-a-tives."

HATTIE WARREN

"Fort Robinson, Ont., July 8, 1915.

"We have used 'Fruit-a-tives' in our house for over three years and have always found them a good medicine. Our little girl, Hattie, was troubled with Kidney Disease. The Doctor said she was threatened with Dropsy. Her limbs and body were all swollen, and we began to think she could not live. Finally, we decided to try 'Fruit-a-tives.' She began to show improvement after we had given her a few tablets. In a short time the swelling had all gone down and her flesh began to look more natural. Now she is the healthiest one in the family and has no signs of the old ailment. We can not say too much for 'Fruit-a-tives' and would never be without them."

ENUMERATORS NAMED FOR VICTORIA CITY

Thirty-Eight Polling Stations; Five Wards Divided into Sections

HOUSE CANVASS STARTS
NEXT MONDAY MORNING

Announcement is made this morning by Returning Officer Sydney Child of the appointment of enumerators for the city of Victoria at the forthcoming Federal Election. The names of all except two, yet to be appointed, follow: Fred White, John McGraw, Q. D. H. Warden, Arthur G. Peirce, M. W. Thompson, W. H. Earls, Marshall, B. C. Bicknell, J. W. Littleboy, M. D. Kinard, W. B. Garrard, C. H. Richardson, George M. Stevenson, M. R. Pillar, D. Thomas, W. Lorimer, F. W. Ash, A. G. Tracey, Thomas Howland, Frank D. Willis, J. D. George, Edwin Buss, Harry J. Russell, George H. Shuggett, J. S. Soutar, Thomas Smith, R. W. M. Hunter, J. H. Freeman, Frederick C. Beckett, E. A. Willsher, Crawford Coats, Hubert F. Greenwood, Watson A. Clark, G. Tribe, S. J. Hurd, H. W. F. Pollok, W. H. Handley.

Thirty-Eight Polling Stations.

Arrangements have been made by the Returning Officer for the five wards of the city to be divided into sections, each section of which will be provided with a separate polling booth, thus departing from the procedure which has been followed with the Provincial Elections hitherto. Following out this plan Wards 1, 2, 4 and 5, will each be split up into seven sections and Ward 3 into ten. There will be thirty-eight polling booths all told, and the same number of enumerators. This method has been decided upon as the most convenient for residents to record their votes and to go a long way to ensure that practically every one entitled to exercise the franchise will so govern himself or herself.

Proclamation Shows Sections.

Full descriptive details as to the boundaries of each section will be shown on the official proclamation together with the precise location of each polling booth. On Monday next the Returning Officer will supply each political and other organization with a map of the city showing the thirty-eight areas specifically defined so that every representative body may be in possession of full information. The proclamation will be posted after late this afternoon or early on Monday morning, the only remaining details to be completed being the allotment of the enumerators to their respective sections.

How It Is Done.

Every enumerator will be supplied with a poll book with a map on the front cover indicating the section for which he is responsible. On Monday morning next he will proceed to his field and commence a house-to-house canvass for the purpose of listing every person possessing voting powers under the Dominion Elections Act. The enumerator's list will form the official list for use on the day of the poll. It should be noted in this connection that a safeguard is provided so that in the event of a bona fide voter failing to get on the official list he or she may make application to the enumerator, and obtain from him a certificate of qualification.

For Those Left Off.

For the purpose just mentioned the enumerators will be at the polling

A LADY ASKED ME ABOUT RICHNESS

She wanted to know why PACIFIC MILK tasted so much richer than other milk.

Mr. Stark, the Manager, explained all that from a scientist's analysis but the point of it all is that the milk produced around Ladner is among the richest and best produced anywhere in America. Grass, water, soil, etc., I suppose makes it, but the fact itself is all that really concerns people.

I've given you this because some other women may have the same question in their minds.

Did you try that PACIFIC MILK cake that was in the paper the other day?

"Lights Out!"

Who, that has not lain, weary and utterly ready for the blissful oblivion of sleep after a hard day at drill or manoeuvres, can know the exquisite charm of that "Good-night!" of the Army? Especially in a big divisional camp, where bugler after bugler picks it up and tongues it in the manner of the Imperials, the long-drawn, liquid notes, rising and falling, call out a fitting benediction on a day of stern preparation and the soldier welcomes dreamless sleep with the faces of his dear ones before him.

F. J. FULTON, K.C., WAS MACHINED OUT

Former Provincial Minister Approved by Burrell and Calder for Cariboo

SIR ROBERT BORDEN WILL BE SUPPLIED WITH FACTS

Kamloops, Nov. 10.—The political situation as far as the Cariboo riding is concerned is now clear. That the final scenes which terminated on Wednesday evening last were anything but satisfactory is also apparent. John Thomas Robinson was "selected" as the Unionist candidate for the forthcoming Federal contest. In the final he had as a convention opponent John A. Fraser, of Quesnel, and the ballot resulted in 53 votes for Mr. Robinson and 29 for Mr. Fraser.

It will be remembered that J. T. Robinson has held the Cariboo Conservative nomination for more than two years past, and has had as prospective Liberal opponents in a straight party fight Joseph Martin, K. C., and his withdrawal from the arena some five months ago. Raymond Leighton, a returned soldier who served with the Princess Patricia's on the western front. On the advent of the fusion movement Mr. Robinson tendered his resignation to the party as a party nominee and announced himself as in the running as a Fusion candidate.

The Machine at Work.

In a straight party fight there was a hundred to one chance on the defeat of Mr. Robinson, and on that account very little concern was shown by those who had no desire to see him as the representative for the Cariboo riding at Ottawa. The convention was arranged by the Conservatives for November 7, with all the well oiled machinery in readiness to secure the nomination for Mr. Robinson. The move was detected by those Conservatives here who were heart and soul for a real Union candidate and not merely a change of uniform; the Liberals also were ready to assist in the ditching of their own man if necessary to that end.

With a desire to remove the issue from the purely political rut representative citizens secured the consent of T. G. McBride, an ex-Alderman of the City of Vancouver, and of latter years a successful farmer in the Stump Lake district, to permit his name to go before a regularly constituted Unionist Convention. The ex-Alderman would have been acceptable to both parties save the few machine Tories pledged to the former Conservative candidate. The obstruction of Mr. McBride into an otherwise "closed" arena called for immediate action on the part of the pledged Conservatives and the Robinson defences were consolidated in an effectual manner as possible and the local Conservative semi-weekly loaded with Robinson ammunition.

A Reliable Man.

With the ground thus prepared in advance there was a change of front and new developments took place every hour. With every prospect of a fight between McBride and Robinson, the intervention of Messrs. Burrell and Calder was sought. As a result of a joint committee conference with the Secretary of State both McBride and Robinson agreed to withdraw in favor of Frederick J. Fulton, K. C., a former minister under the McBride administration, whose consent to run had been obtained by real Union Government forces on the understanding that it was the unanimous wish. The field appeared to be clear again. Not for long, however, as Mr. Robinson saw his chances for Ottawa go aglimmering he broke his pledge and remained in the limelight.

Mr. Fulton's Sterling Worth.

The substance of Mr. Fulton's letter was read to the convention in which he declared that in case of a deadlock in the nomination of a candidate he would consent to have his name submitted. J. Clingan, of Salmon Arm, moved that a state of deadlock did exist, the motion, however, was lost by a vote of 46 to 36 and the nomination proceeded. Following up the force Mr. Robinson nominated Mr. Fulton with T. G. McBride, his second. The more responsible members present paid eloquent tribute to the sterling worth of Mr. Fulton and many others voiced their belief that Mr. Robinson was not the man.

Against Burrell's Wishes.

Mr. Robinson presented to the meeting a telegram from Hon. Martin Burrell, appealing to him to resign in favor of Mr. Fulton in the interest of the Unionist cause and in his own interest, and declared that on receipt of

WIN-THE-WAR LEAGUE

CHOOSE THEIR FIFTY

FOR THE CONVENTION

Three Conservative Wards Meeting To-night; Others on Monday Next

At a general meeting of the local branch of the Win-the-War League, held in the Belmont House last night, fifty delegates and twenty-five alternates were selected to go to the Unionist nominating convention on Wednesday next. No difficulty was experienced in the selection since a large and representative gathering was on hand. The meeting was presided over by C. T. Cross, president of the League, and the following are the names of the delegates:

Delegates' Names.

A. T. Abbey, Oscar Bass, Beaumont Boggs, A. S. Barton, Mrs. Beaumont Boggs, E. Buss, Ernest Barrett, E. C. B. Bagshaw, Rev. Dr. Campbell, C. T. Cross, Miss Cann, Dr. W. Leslie Clay, John Cochran, C. E. Copeland, Lindley Croase, K. C., G. H. Dawson, Mrs. R. S. Day, H. J. Davis, W. J. Edwards, A. C. Flumerfelt, John Fry, Dr. R. L. Fraser, A. E. Haynes, A. H. Harmon, Frank Higgins, E. B. Halsall, M. B. Jackson, M. P. P., D. H. McDowell, Mrs. A. E. Mitchell, Dr. McKenna, John Mutch, Robert Porter, B. J. Perry, J. Parfit, E. B. Paul, F. B. Pemberton, R. B. Punnett, Henry Pearce, Dean Quinton, J. Russell, Percy Richardson, David Spencer, Jr., T. H. Slater, Curtis Sampson, A. G. Smith, W. T. Williams, F. E. Winslow, Mrs. E. Wilkinson, Cpl. S. Wilkinson, John Woodruff.

Alternates—Mrs. Aldridge, Mrs. Buss, Mrs. J. L. Clay, Mrs. Carmichael, Mrs. D. M. Eberts, John Elliott, Mrs. G. T. Fox, Mrs. A. M. Gibson, Mrs. E. C. S. George, John Harvey, Mrs. Hascil, Thomas Hall, Mrs. Herbert Kent, H. G. Lawson, Mrs. Lloyd, Mrs. C. B. Munro, Mrs. Marchant, Mrs. Parfit, Miss Pratt, Mrs. D. Spencer, Jr., H. J. Scott, Mrs. Harry Scott, Mrs. J. Sayward, Mrs. C. Wilson, Mrs. J. B. Waindick.

In order to secure complete representation at the convention it is requested that those persons unable to take part will notify the secretary immediately so that the post may be filled by one of the alternates. As convenor C. T. Cross will, if necessary, call the delegates together prior to next Wednesday. In any event the Win-the-War representation will hold a session one hour before the convention, proceeding thither in a body.

It is expected that a meeting of the convention committee will be held on Monday for the purpose of settling the details in connection with the conduct of the proceedings on Wednesday next. The members of that committee are Senator Barnard, C. T. Cross, Joshua Kingham and a representative of the Great War Veterans' Association.

Conservatives and Others.

To select their representation on the delegation of fifty to represent the Conservatives of Victoria on Wednesday three of the ward organizations will meet to-night in the club rooms of the Union Bank Building. Wards One, Two and Four will make their choice this evening and Wards Three and Five on Monday. Each ward will name ten delegates as representative of the central Association as possible.

Twelve delegates was the number allotted by the Great War Veterans' Association to the men's auxiliary and a similar number to the women's branch. At a meeting called for the purpose last night the men's organization selected the following convention representation: Messrs. T. Palmer, Munro, Cross, George Caldwell, H. Smith, L. W. Hall, H. Walker, A. McIntyre, C. Hines, H. W. Davies, C. Pratt, R. Scarborough, with four as alternates: Messrs. W. Galt, A. G. Smith, J. L. Forrester and J. M. Jones.
